Fiftieth session

Distr.: General

15 March 1996
Original: English**Agenda item 124 (a)****Financing of the activities arising from Security Council
resolution 687 (1991): United Nations Iraq-Kuwait Observation
Mission****Report of the Secretary-General***Summary*

The United Nations Iraq-Kuwait Observation Mission (UNIKOM) was established by the Security Council on 3 April 1991. The present report contains the proposed budget of UNIKOM for the 12-month period from 1 July 1996 to 30 June 1997 which amounts to \$57,804,400 gross (\$55,467,000 net). This reflects an overall decrease of 3.7 per cent in gross terms when compared with the prorated resources approved for the preceding 12-month period from 1 July 1995 to 30 June 1996 of \$60,000,000 gross (\$57,386,000 net). The decrease is mainly due to an exclusion of the provision for the support account for peace-keeping operations during the budget period.

The budget provides for maintaining the Mission, consisting of 255 military observers, 904 troops (775 infantry and 129 support personnel), supported by a civilian establishment of 256 (82 international and 174 local).

The actions to be taken by the General Assembly are set out in paragraph 26 of the report, including the approval of the amount of \$57,804,400 gross (\$55,467,000 net) for the 12-month period beginning 1 July 1996 for the maintenance of UNIKOM. Two thirds of this amount, equivalent to \$36,978,000, is to be funded from voluntary contributions from the Government of Kuwait, and the balance of \$20,826,400 gross (\$18,489,000 net) is, to be assessed at the monthly rate of \$1,735,533 gross (\$1,540,750 net), subject to the continuation of the Mission by the Security Council.

I. Introduction

1. The United Nations Iraq-Kuwait Observation Mission (UNIKOM) was established by the Security Council in accordance with its resolution 687 (1991) of 3 April 1991. In its resolution 689 (1991) of 9 April 1991, the Council decided to review the question of the termination or continuation of UNIKOM as well as its modalities of operation every six months. The latest review was undertaken in October 1995. By letter dated 6 October 1995, the President of the Security Council informed the Secretary-General that the members of the Council concurred with his recommendation that UNIKOM be maintained and that the Council would review the question once again by 6 April 1996 (S/1995/847).
2. It may be recalled that the General Assembly, in its resolution 48/242 of 5 April 1994, expressed its appreciation to the Government of Kuwait regarding its decision to defray two thirds of the cost of UNIKOM effective from 1 November 1993. Since then, two thirds of the costs of UNIKOM has been met by voluntary contributions from the Government of Kuwait.
3. For the financing of UNIKOM, the General Assembly, in its resolution 49/245 of 12 July 1995, *inter alia*, approved the amount of \$60 million gross (\$57,386,000 net) for the maintenance of UNIKOM for the period from 1 July 1995 to 30 June 1996, inclusive of the two thirds portion, equivalent to \$38,257,300, to be funded by the Government of Kuwait. In addition, for the 12-month period, the Assembly authorized the Secretary-General to enter into commitments for UNIKOM in the amount of \$1,811,900 gross (\$1,594,100 net) per month, representing the one-third share of the cost of the maintenance of the Mission. These amounts were to be assessed on Member States subject to the reviews by the Security Council of the continuation of the Mission.
4. Following the concurrence of the Security Council with regard to the continuation of UNIKOM to April 1996, an amount of \$9,970,016 was assessed on Member States for the period from 1 November 1995 to 30 April 1996.

II. Political mandate

5. By its resolution 687 (1991), the Security Council established a demilitarized zone (DMZ) along the Iraq-Kuwait boundary and approved the following terms of reference of UNIKOM:
 - (a) To monitor the Khawr 'Abd Allah and a demilitarized zone extending 10 kilometres into Iraq and 5 kilometres into Kuwait from the boundary referred to in the "Agreed Minutes between the State of Kuwait and the Republic of Iraq regarding the restoration of friendly relations, recognition and related matters" of 4 October 1963;¹
 - (b) To deter violations of the boundary through its presence in and surveillance of the DMZ;
 - (c) To observe any hostile or potentially hostile action mounted from the territory of one State against the other.
6. Subsequently, by resolution 806 (1993) of 5 February 1993, the Security Council extended the terms of reference of UNIKOM to take action to prevent or, if that failed, to redress:
 - (a) Small-scale violations of the DMZ;
 - (b) Violations of the boundary between Iraq and Kuwait, for example by civilians or police;
 - (c) Problems that might arise from the presence of Iraqi installations and Iraqi citizens and their assets in the DMZ on the Kuwait side of the newly demarcated boundary.

¹ United Nations *Treaty Series*, vol. 485, No. 7063.

III. Operational plan and requirements

7. The UNIKOM concept of operations is based on surveillance, control, investigation and liaison. The DMZ is an area that is about 200 kilometres long, and extends 10 kilometres into Iraq and 5 kilometres into Kuwait. Surveillance of the DMZ is based on patrol and observation bases, ground and air patrols and observation points. Control operations include static checkpoints, random checks and maintenance of a force mobile reserve. Investigation teams are maintained at the level of both sector and UNIKOM headquarters, and continuous liaison is carried out at all levels. For operational purposes, the DMZ is divided into three sectors (northern, central and southern). UNIKOM also keeps liaison offices at Baghdad and Kuwait City for the purpose of liaison with the Governments of Iraq and Kuwait.
8. The military observers have the main responsibility for conducting patrol, observation, investigation and liaison activities. The infantry battalion is deployed at Camp Khor, at a company camp at Al'Abdali and at platoon camps in the Southern and Central Sectors. The battalion undertakes armed patrols within the sectors and has a mobile reserve, which is deployed as necessary in sensitive situations. The battalion also operates checkpoints at the border-crossing sites and conducts random checks in cooperation with Iraq and Kuwaiti liaison officers. The battalion has staffed the eastern-most patrol and observation base on the Iraqi side of the DMZ. It also provides security for UNIKOM personnel and its installations where and when necessary.
9. The authorized strength of UNIKOM consists of 300 military observers (45 of which are on stand-by), 910 troops, including 135 support personnel comprising an engineering unit from Argentina, a logistics unit from Austria, a medical unit from Germany, and a helicopter crew from Bangladesh. For the period from 1 July 1996 to 30 June 1997, budgetary provision is made for only 904 troops, composed of 775 infantry and 129 support personnel. The reduction by 6 is due to the reduction in the medical unit by 19 and in the logistics unit by 16, offset by the addition of the helicopter crew of 29.
10. The Mission is supported by 256 civilian personnel assigned to the following sections/offices: Office of the Force Commander Chief Administrative Officer's Office, Personnel Section, Finance Section, Transport Section, General Services Section, Communications Section, Procurement Section and Engineering Support Services Section.

IV. Financial administration

A. Financial period

11. A financial period for UNIKOM was established by the General Assembly in its resolution 47/208 A of 22 December 1992 covering the 12-month period from 1 November of one year to 31 October of the following year. In accordance with section I of General Assembly resolution 49/233 A of 23 December 1994, a new financial period covering 12 months, beginning on 1 July of one year and terminating on 30 June of the following year, becomes effective 1 July 1996.

B. Resources made available and operating costs from inception to 30 June 1996

12. Total resources made available to UNIKOM from inception on 3 April 1991 to 30 June 1996 amount to \$355,877,000 gross (including voluntary contributions of \$110,945,600 to be provided by the Government of Kuwait). These amounts include credits of \$35,556,067 (gross) already set off against assessed contributions on Member States and against voluntary contributions from the Government of Kuwait. The total estimated expenditures amount to \$313,403,233. There is an unencumbered balance of \$6,917,700

(gross) for the periods ending 31 October 1993. Detailed information is presented in annex V to the present report.

C. Status of assessed contributions

13. Amounts totalling \$200,440,467 in respect of UNIKOM have been assessed on Member States for the period from its inception to 30 April 1996. In addition, outstanding assessments were reduced by an amount of \$730,515 pursuant to General Assembly resolution 50/83 of 15 December 1995. Contributions received as at 15 February 1996 for the same period amounted to \$170,982,745, representing a shortfall of \$29,457,722.

D. Voluntary contributions and trust funds

14. The General Assembly, in paragraph 17 of its resolution 49/245, invited voluntary contributions to UNIKOM in cash and in the form of services and supplies acceptable to the Secretary-General. The following voluntary contributions have been provided by the Government of Kuwait:
 - (a) Two thirds of the cost of UNIKOM, totalling \$78,108,500, has been received as at 15 February 1996, for the period from 1 November 1993 to 31 October 1995;
 - (b) Thirty-five vehicles from the Government of Kuwait for the use of the Engineering Unit of UNIKOM, for which budgetary provision had not been made.
15. No trust fund has been established in support of UNIKOM.

V. Status of reimbursements to troop-contributing Governments

16. Currently, troops are provided by Argentina, Austria, Bangladesh and Germany. Full reimbursement in accordance with the standard rates established by the General Assembly for troop costs has been made to troop-contributing countries up to 31 July 1995. It is estimated that an amount of \$4,687,500 is due for troop costs for the period ending 31 December 1995.
17. Troops were previously provided to the Mission by Canada, Chile, Denmark, Norway and Sweden.

VI. Signature of status-of-mission agreements

18. Both Iraq and Kuwait entered into agreements with the United Nations on the status of the Mission on 20 May 1991 and 20 June 1991, respectively.

VII. Cost estimates for the period from 1 July 1996 to 30 June 1997

19. As shown in annex I, column 2, the cost of maintaining UNIKOM for the period from 1 July 1996 to 30 June 1997 is estimated at \$57,804,400 gross (\$55,467,000 net). Some 75 per cent of these amounts is based on standard costs and ratios contained in the Standard Cost Manual, while 25 per cent covers

mission-specific requirements. These mission-specific requirements and variations are reflected under the items described in annex II, part A.

20. For comparison purposes, the approved resources pro-rated for the prior 12-month period from 1 July 1995 to 30 June 1996 amounting to \$60,000,000 gross (\$57,386,000 net), is shown in column 1 of annex I. A breakdown of the proposed budget by non-recurrent and recurrent costs is shown in columns 3 and 4 respectively of the annex. Non-recurrent costs amount to \$2,241,800 gross and net while recurrent costs amount to \$55,562,600 gross (\$53,225,200 net).

Recurrent costs	58 358 400	55 562 600	(2 795 800)

21. The proposed budget for the 12-month period from 1 July 1996 to 30 June 1997 of \$57,804,400 gross (\$55,467,000 net) reflects a decrease of \$2,195,600 gross in comparison with the pro-rated resources provided for the operation of the Mission for the prior 12-month period from 1 July 1995 to 30 June 1996.
22. The estimates provide for 255 military observers, 904 troops (775 infantry and 129 support), maintenance and operating costs for 470 vehicles (285 United Nations-owned and 185 contingent-owned), air support consisting of 2 helicopters and 1 fixed-wing aircraft and 256 civilian personnel (82 international and 174 local). The average daily cost of one military personnel (troop and observer) is \$62 including attributable support costs.
23. Supplementary information on the cost estimates is presented in annex II. A breakdown of the monthly recurrent requirements and the corresponding annual costs are presented in section B of the annex. Non-recurrent requirements are provided in section C. Supplementary explanation on the cost estimates is provided in section D.

VIII. Staffing requirements

24. The proposed staffing, including changes by category and level, is shown in table 2 below. The decrease in staff is the result of the reduction of three posts (one Field Service and two local staff). The detailed breakdown of the staffing table is contained in annex IV.

IX. Observations and comments on previous recommendations of the Advisory Committee on Administrative and Budgetary Questions

25. There were no outstanding responses to the observations and recommendations of the Advisory Committee in its previous reports.

X. Action to be taken by the General Assembly at its fiftieth session

26. The actions to be taken by the General Assembly at its fiftieth session in connection with the financing of UNIKOM are as follows:

-
- (a) The appropriation of the amount \$18,119,000 gross (\$15,941,000 net) for the period from 1 July 1995 to 30 April 1996, authorized and assessed on Member States in accordance with General Assembly resolution 49/245;
 - (b) The appropriation of the amount of \$3,623,800 gross (\$3,188,200 net) for the period from 1 May to 30 June 1996, to be assessed on Member States subject to the review by the Security Council with regard to the question of termination or continuation of UNIKOM;
 - (c) The approval of the amount of \$57,804,400 gross (\$55,467,000 net) for the maintenance of the Mission for the 12-month period from 1 July 1996 to 30 June 1997, inclusive of the two-thirds portion equivalent to \$36,978,000, to be funded from voluntary contributions from the Government of Kuwait;
 - (d) The appropriation of the amount of \$20,826,400 gross (\$18,489,000 net), for the 12-month period beginning 1 July 1996, representing one third of the approved cost of the maintenance of the Mission, to be assessed at the monthly rate of \$1,735,533 gross (\$1,540,750 net), subject to the review by the Security Council with regard to the question of termination or continuation of UNIKOM;
 - (e) A decision to credit Member States the unencumbered balance of \$6,917,700 gross (\$7,816,700 net) for the periods ending 31 October 1993.

D. Supplementary explanation

1. *Emplacement, rotation and repatriation of troops.* The estimate for the period from 1 July 1995 to 30 June 1996 was based on one rotation for 910 contingent personnel. The estimate for the period from 1 July 1996 to 30 June 1997 provides for one rotation for 775 infantry personnel and two rotations for 129 support personnel, resulting in higher requirements under this heading.
2. *International and local staff.* The application of a 5 per cent vacancy factor to international staff salaries, as compared with the rate of 15 per cent that was applied during the previous period, accounts for the increase in requirements. In the case of local staff salaries, the vacancy factor applied is 15 per cent for the period from 1 July 1996 to 30 June 1997, as compared with 5 per cent for the previous period, resulting in lower requirements.
3. *Maintenance services.* The decrease is mainly due to the reduction in UNIKOM's proportionate share of the cost of repairs, maintenance and other common services relating to the liaison office at Baghdad.
4. *Construction/prefabricated buildings.* The decrease is due to the fact that there are no additional requirements during the period from 1 July 1996 to 30 June 1997 in connection with the construction of two 5,000 square metre warehouse storage facilities and other construction work related to the relocation of staff from Doha to Camp Khor. Adequate resources were provided during the prior period.
5. *Transport operations.* The cost parameters applied for the period from 1 July 1996 to 30 June 1997 for spare parts, repairs and maintenance remain the same as that which was applied for the prior period: \$1,500 per vehicle per annum for light vehicles; \$3,200 per vehicle per annum for special purpose vehicles and engineering equipment; and \$6,250 per vehicle per annum for armoured vehicles. However, the estimate for the period from 1 July 1996 to 30 June 1997, when compared with the approved resources prorated for the prior 12-month period from 1 July 1995 to 30 June 1996, shows an increase in requirements.
6. *Commercial communications.* The increase is due to the rental of an additional transponder for an Indian Ocean region satellite link between Kheitan Support Centre and Umm Qasr headquarters.
7. *Commercial freight and cartage.* This estimate provides for the cost of shipping and handling of supplies and equipment for which no provision has been made elsewhere. The estimate also includes freight costs for diplomatic pouches.
8. *Integrated Management Information System.* There are no requirements under this heading since the proportionate share of financing from peace-keeping budgets has been met.
9. *Support account for peace-keeping operations.* No provision is made for the funding of the support account for peace-keeping operations in these estimates since the budget for the support account will be presented separately to the General Assembly at its resumed fiftieth session.
