## **I. Interim financial report for the year ended 31 December 2002**

### **Introduction**

1. The Executive Director of the United Nations Children's Fund (UNICEF) submits herewith the financial report of UNICEF, accompanied by 12 statements and supported by 1 schedule. Of these, statements I, II, III and IV are presented in line with the formats agreed upon by the Chief Executives Board (CEB) as a step towards harmonizing the accounts of agencies in the United Nations system. The financial report provides the financial results of UNICEF activities in 2002. Highlights are summarized in the following paragraphs.

### **Income**

2. UNICEF income in 2002 totalled \$1,447 million. Virtually all Governments of both industrialized and developing countries contributed to UNICEF in 2002. Income comprised \$701 million for regular resources, \$505 million for supplementary funds and \$241 million in emergency contributions. The breakdown of UNICEF income by source is: 63 per cent (\$906 million) from Governments; 32 per cent (\$466 million) from fund-raising campaigns, the sale of greeting cards and individual donations; and 4 per cent (\$58 million) from miscellaneous sources, including interest and exchange rate revaluation of assets and liabilities. The amount of \$17 million (1 per cent) was contributed under inter-organizational arrangements.

### **Expenditures**

3. UNICEF expenditures in 2002 were \$1,267 million. This amount consisted of \$493 million for programme cooperation from regular resources, \$442 million for programme cooperation from supplementary funds, and \$253 million for emergency relief and rehabilitation. The remaining expenditures of \$79 million were for management and administration.

### **Donations-in-kind**

4. Donations-in-kind valued by donors at \$17 million were delivered by UNICEF to projects during the year 2002. These deliveries are not reflected in the financial accounts of UNICEF, although they are handled through the administrative structures of the organization.

### **Trust funds**

5. Trust funds not related to programmes approved by the UNICEF Executive Board are not entered in the financial accounts of UNICEF as income and expenditures. These funds are used mainly to cover the cost of goods and services purchased and delivered on a reimbursable basis by UNICEF on behalf of Governments, other agencies in the United Nations system and non-governmental organizations (NGOs). In 2002, UNICEF received cash in the amount of \$344 million for these trust funds. Disbursements and obligations totalled \$345 million.

**Cash holdings**

6. UNICEF has total cash of \$804 million (which includes the unspent balances from trust funds in the amount of \$175 million). An amount of \$801 million is held in first-class banks, comprising \$757 million in interest-bearing term deposit accounts and \$44 million in current bank accounts. Cash on hand amounts to \$3 million.

**Approved programmes**

7. During 2002, the Executive Board approved the amount of \$1,177 million for new programmes for children in countries with which UNICEF cooperates, as well as for regional and interregional projects. This total includes \$403 million in programmes to be funded from UNICEF regular resources and \$529 million for projects that the Board approved as worthy of support and that were financed by pledges of supplementary funds made in 2002. The total also includes \$245 million for projects financed by pledges for emergency relief and rehabilitation.

## **Notes to the financial statements**

### **Note 1**

#### **Statement of the objectives and activities of UNICEF**

1. UNICEF is mandated by the United Nations General Assembly to advocate for the protection of children's rights, to help meet their basic needs and to expand their opportunities to reach their full potential. The organization mobilizes political will and material resources to help countries, particularly developing countries, ensure a "first call for children" and build their capacity to form appropriate policies and deliver services for children and their families.

### **Note 2**

#### **Summary of significant accounting policies**

##### **Accounting convention**

2. The financial statements are prepared in accordance with the Financial Regulations and Rules of UNICEF and the United Nations accounting standards.

3. In accordance with the goal of achieving harmonization of the presentation of the accounts by agencies in the United Nations system, the financial statements are presented in line with the formats agreed upon by the CEB.

##### **Financial period**

4. In accordance with the UNICEF Financial Regulations and Rules, the accounts are maintained on a biennial basis.

##### **Unit of account**

5. The accounting unit is the United States dollar. The equivalent in United States dollars of other currencies is established on the basis of the United Nations operational rate of exchange.

##### **Translation of currencies**

6. Differences between the valuation of the currencies when entered into the accounts and when actual transactions are completed are accounted for as gains or losses on exchange transactions. Periodically, assets and liabilities in currencies other than United States dollars are revalued for accounting purposes at the prevailing United Nations operational rates of exchange. Any variance due to fluctuation of those rates is accounted for as income or loss and shown separately in the statement of income and expenditure. In accordance with UNICEF Executive Board decision 1990/28 (E/ICEF/1990/13), differences resulting from the payment of contributions pledged in currencies other than United States dollars are recorded against the contributions.

## **Income**

7. Income consists of regular resources, supplementary funds, and funds for emergency relief and rehabilitation. Regular resources include funds from the voluntary annual contributions of Governments, intergovernmental organizations, NGOs, the net income from the Private Sector Division (PSD), unearmarked funds contributed by the public and other income. Supplementary funds are those contributed to UNICEF by Governments, intergovernmental organizations, NGOs and the United Nations system for specific purposes within the programmes approved by the UNICEF Executive Board. Emergency relief and rehabilitation funds include those contributed for emergency operations.

8. Income is recorded on the basis of funds or pledges received for the current year. Pledges received for future years for purposes specified by donors are considered deferred income and recorded as "contributions received in advance".

9. Contributions income received from National Committees for UNICEF is accounted for on a cash basis, with the exception of contributions for supplementary funds and for emergency relief and rehabilitation, which may be recorded on the basis of a valid pledge from a National Committee. The validity of the pledge is determined by the existence of funds raised and a statement from the National Committee that it is committing funds to UNICEF in the form of a pledge.

10. The statement of income and expenditures does not include funds received and disbursements made from trust funds. Those transactions that do not require commitments by the Executive Board are maintained as trust funds.

11. All other income received by UNICEF is classified as miscellaneous income and is credited as regular resources.

12. Donations-in-kind are not reflected in the financial accounts of UNICEF, although they are handled through the administrative structures of the organization.

## **Expenditure**

13. All expenditures of UNICEF are accounted for on an accrual basis, except for those relating to staff entitlements, which are accounted for on the basis of cash disbursements only.

14. Deferred charges comprise expenditure items that are not properly chargeable in the current financial period and that will be charged as expenditure in a subsequent financial period.

15. No provision is made for such staff entitlements as repatriation which will take place in the future or to meet contingencies under appendix D of the United Nations Staff Rules, as funds are provided in the budget appropriations as required.

## **Cash**

16. All funds received are deposited into UNICEF bank accounts, including those under trust funds, and reflected as cash holdings.

### **Stock**

17. The stock of programme supplies at the UNICEF Supply Division warehouse at Copenhagen is shown at average cost. All costs associated with bringing the goods to the warehouse are considered as part of the average cost. Goods in transit to the warehouse are valued at actual cost.

### **Non-expendable property**

18. Furniture, equipment and other non-expendable property are not included in the assets of the organization. Acquisitions are charged against budgetary accounts in the year of purchase.

### **Capital asset reserve**

19. By its decision 1990/26, the Executive Board approved the establishment of a capital asset reserve fund to better control the future purchase of UNICEF capital assets, mainly buildings to be purchased for office accommodations and staff housing in the field. At such time as may be necessary, additional authorized appropriations will be made to replenish the capital asset reserve.

### **Consolidation of Private Sector Division accounts**

20. The financial report and accounts reflect UNICEF income, expenditure, assets and liabilities, including the net operating income, assets and liabilities of PSD. Inter-office transactions between UNICEF and PSD are eliminated for consolidation purposes.

### **Private Sector Division accounting convention**

21. The Private Sector Division accounts are maintained in accordance with the Financial Regulations and Rules of UNICEF and with the Financial Regulations and Rules of UNICEF, Special Supplement, Greeting Card Operations.

### **Private Sector Division translation of currencies**

22. Gross proceeds are recorded in local currency based on current year deliveries. They are converted into United States dollars at the United Nations operational rates of exchange prevailing on 31 December.

### **Private Sector Division allowance for exchange rate fluctuation**

23. This represents the net adjustment for exchange rate, including a 10 per cent provision for delays in the collection of outstanding non-United States dollar accounts receivable and the effect of the revaluation of assets and liabilities using the 31 December 2002 United Nations operational rate of exchange.

### **Private Sector Division allowance for doubtful accounts receivable**

24. An allowance for accounts receivable that are considered doubtful for collection may be established.

### **Private Sector Division inventories**

25. The inventory of work in process and finished goods are valued at standard cost, while raw materials are valued at moving average cost. It is PSD policy to write-down unsold cards and dated products at the end of the first sales campaign year and all other products at the end of the second sales campaign year. Products that have been written-down and carried forward are valued at their add-on cost. All publicity and promotion materials produced in the current campaign year but relating to future campaign years are shown at standard cost and included in inventory.

### **Private Sector Division capital assets**

26. Capital assets costing \$100,000 or more are capitalized and depreciated over their estimated useful life.

### **Private Sector Division liabilities**

27. Liabilities are accrued in the PSD accounts following recognized accounting standards, and appropriate cut-off procedures are followed consistently.

### **Private Sector Division income**

28. Income from private sector fund-raising and related expenses are recorded separately in the PSD accounts.

29. Gross proceeds from the sale of cards and products are recorded in foreign currency and accrued on the basis of the provisional sales reports received from the sales partners at year-end. They are converted into United States dollars at the United Nations operational rates of exchange prevailing on 31 December. The accrual is adjusted in the following year upon receipt of the final sales report. In case the provisional sales report is not received from sales partner by year-end closure, gross proceeds are accrued based on that sales partner's average sales to delivery ratio of current year's deliveries.

30. Income from private sector fund-raising activities and related expenses are recorded separately in the PSD accounts. The net proceeds raised by National Committees from private sector fund-raising activities are recorded based on the reports submitted by them at year-end, whereas the net proceeds raised by field offices from private sector fund-raising activities are recorded upon receipt of funds.

### **Note 3**

## Note 18

### Reserve for procurement services - staff and related costs

36. In 1993, the Executive Board authorized the establishment of a reserve for procurement services at \$2 million (E/ICEF/1993/AB/L.11 and E/ICEF/1993/14, decision 1993/19). There were no movements in the reserve during 2002.

**Note 19****Insurance reserves****Reserve for losses of programme supplies and equipment**

37. In 1950, the Executive Board authorized the establishment of a reserve for insurance of \$200,000 to absorb losses of UNICEF programme supplies and equipment not covered by commercial insurance. The reserve balance at the end of 2001 was \$104,010. There was an increase of \$19,131 in the reserve during 2002.

**Reserve for property loss**

38. In 1987, UNICEF established a reserve of \$100,000 to self-insure for property losses. The reserve balance at the end of 2001 was \$26,399. There were no movements in the reserve during 2002.

**Note 20****Contingent liability**

39. UNICEF has not specifically accrued for liabilities for after-service health insurance costs or liabilities for other types of end-of-service benefits, which will be owed when staff members leave the organization.

40. The net contingent liability for staff benefits as at 31 December 2002 is estimated at \$60,958,000, consisting of the following:

The financial obligations of the organization to the UNJSPF consist of its mandated contribution at the rate established by the General Assembly, together with any share of any actuarial deficiency payments under Article 26 of the Regulations of the Fund. Such deficiency payments are only payable if and when the General Assembly has invoked the provision of Article 26, following determination that there is a requirement for deficiency payments based on an assessment of the actuarial sufficiency of the Fund as of the valuation date.

43. At the time of this report, the United Nations General Assembly has not invoked this provision.

46. The medium-term financial plan for 2002 recommended a minimum regular resources convertible cash balance of \$58 million as the liquidity guide to be compared to year end 2002 cash balances. This liquidity guide is a projection of the income for the following year.

47. For the purpose of meeting this internal guideline, UNICEF cash balances, excluding trust funds, are estimated to be split between regular resources and other resources as follows:

	Regular resources	Other resources
<i>(In thousands of United States dollars)</i>		
Convertible cash balance	168 763	451 024
Non-convertible cash balance	9 430	
<b>Total</b>	<b>178 193</b>	<b>451 024</b>
