## **I. Introduction**

1. As an ongoing practice, UNICEF has been submitting a report to the General Assembly, through the Advisory Committee on Administrative and Budgetary Questions (ACABQ), to advise the Assembly as to the measures that the organization takes to implement the recommendations of the United Nations Board of Auditors.
2. The present report reviews the implementation by UNICEF of the recommendations of the Board of Auditors on the UNICEF accounts for the biennium 2002-2003.
3. The administration wishes to reiterate that, to underline the importance that UNICEF places on audit recommendations from both the United Nations Board of Auditors and its own Office of Internal Audit, UNICEF has institutionalized the procedures for the review of audit matters through the Audit Committee. The Committee, which is composed of senior staff of the organization, and includes external representation of another United Nations organization, periodically reviews matters of critical concern raised during both external and internal audits. The Audit Committee, which is chaired by the Executive Director, has instituted an appropriate follow-up mechanism whereby the responsible and accountable officials are asked to provide explanations on audit matters pertaining to their offices. UNICEF has also put in place internal monitoring mechanisms for the implementation of external audit recommendations and is working within various forums to optimize coordination with United Nations partners.
4. As noted by the General Assembly in A/54/159, dated 2 July 1999, the administration has informed the United Nations Board of Auditors that one officer, the Executive Director, is responsible for overseeing the implementation of audit recommendations. This accountability is shared by the senior staff responsible for the specific areas covered in the audit recommendations.
5. The present document is submitted to the Board of Auditors and ACABQ for their evaluation.

**Measures taken by UNICEF**

37. As of 31 March 2005, 20 Joint Planning Process documents or Joint Strategic Plans (JSPs) had been signed. Two JSPs are expected to be signed before mid-2005, while three others are targeted for the end of 2005.

*Responsible Officer: Director, PSD*

**Recommendation No. 99**

38. The Board recommends that UNICEF (a) further analyse the differences between planned and actual retention rates, and (b) enforce Financial Rule 9.04, according to which the sales agents may be authorized to retain up to 25 per cent, and not more, of their gross sales proceeds from Greeting Card Operation products.

**Measures taken by UNICEF**

39. (a) Analyses and reviews on cost structures and contribution rates are being carried out and are shared with the committees. (b) National Committees' resource mobilization objectives, established jointly through JSPs, are to maximize the Committees' contribution to UNICEF programmes. In the review of the PSD Financial Regulations and Rules, and as noted in the response to Recommendation No. 81, this issue will be revisited.

*Responsible Officer: Director, PSD*

**Recommendation No. 105**

**Recommendation No. 114**

44. The Board recommends that UNICEF harmonize the accounting methods of the National Committees' fund-raising income.

45. Management is reviewing this recommendation, with the goal of completion by the second quarter of 2005.

*Responsible Officer: Director, PSD*

**Recommendation No. 118**

46. The Board recommends that UNICEF exercise full control over the use of its brand name and logo by partners and require that they use their own full name, not that of UNICEF alone, in connection with donations, whether in cash or in kind, that are not controlled by the Administration.

**Measures taken by UNICEF**

47. UNICEF has a formal process for the review and approval of all direct corporate partnership proposals, including those regarding use of the UNICEF brand and logo. The purpose of this approval process is to help management ensure that the identity of partners is kept distinct from that of UNICEF.

*Responsible Officer: Director, PSD*

**Recommendation No. 123**

48. The Board recommends that UNICEF continuously monitor fund-raising investments, funding progress and final reports.

**Measures taken by UNICEF**

49. Systematic reporting, follow-up, and measures for compliance are ongoing to closely monitor fund-raising investments and their returns. The results have been encouraging.

*Responsible Officer: Director, PSD*

**Recommendation No. 135**

50. While commending UNICEF for the implementation of its previous recommendations, the Board recommends that UNICEF continue its efforts (a) to further reduce the balance outstanding for more than nine months, and (b) to improve disbursement planning by focusing on regions and countries presenting the highest risk in cash assistance management.

**Measures taken by UNICEF**

51. UNICEF appreciates the Board of Auditors' commendation on the significant progress accomplished in the management of cash assistance and will continue to work towards (a) further reduction of the outstanding cash assistance to Government of more than nine months, as well as (b) improvement in the disbursement planning.

*Responsible Officer: Comptroller*

**Recommendation No. 138**

52. The Board recommends that UNICEF (a) ensure full compliance of all its decisions and instructions, such as on contracts and allowances, with the United Nations Staff Regulations and Rules, while (b) continuing to review with the United Nations Secretariat the delegation of authority to the Executive Director.

**Measures taken by UNICEF**

53. UNICEF has advised the United Nations Office of Legal Affairs (OLA) of the Board of Auditors' observation regarding the delegation of authority given to the Executive Director. We believe that the observations should be directed by the Board to OLA for response, as the accountability for maintaining up-to-date delegations should be the domain of the Secretariat.

54. Regarding the establishment of contracts and allowances, UNICEF uses the normative requirements, as set out in the United Nations Staff Regulations and Rules and recommendations of the International Civil Service Commission (ICSC). However, it is understood that, within this framework, the various requirements of funds, programmes, and specialized agencies need to be taken into consideration. Flexibility to adjust policies to operational needs is required and accepted. This is illustrated in the Secretary-General's reform proposals, which identify the management of human resources by the funds and programmes as an area for replication by the United Nations.

*Responsible Officer: Director, Division of Human Resources (DHR)*

**Recommendation No. 140**

55. The Board recommends that UNICEF (a) update and complete the human resources manual and (b) evaluate the cost-effectiveness of translating it into other official languages widely used in its field offices.

**Measures taken by UNICEF**

56. (a) Significant updates were undertaken in 2004. This, however, remains an ongoing process. The work on the new chapters related to emergencies and staff well-being will be started in 2005. (b) After a review was undertaken, it was determined that translating the manual into other official languages is not feasible, given the prohibitive cost involved.

*Responsible Officer: Director, DHR*

**Recommendation No. 144**

57. The Board recommends that UNICEF (a) clearly define the criteria applied to assess the certainty of funding resources before including them in its budget, and (b) disclose the fact that support budget documents include all estimated funding but only programme posts that are already funded.

**Measures taken by UNICEF**

58. UNICEF agrees with the recommendation and will revise the notes of annex III in the budget document, accordingly.

*Responsible Officer: Director, DHR*

**Recommendation No. 148**

59. The Board recommends that UNICEF minimize the number of staff members employed at post levels lower than their personal levels.

**Measures taken by UNICEF**

60. The need for rotation and placement of staff, in some limited cases, will result in staff members being assigned to posts that do not correspond to their personal grades. While these cases will be marginally significant in the overall realm of the exercise, these placements provide a necessary flexibility that is required by the operational imperatives of the organization.

*Responsible Officer: Director, DHR*

**Recommendation No. 152**

61. The Board recommends that UNICEF continue its efforts to expand recruitment from developing countries for international Professional posts.

**Measures taken by UNICEF**

62. The Organization will continue its efforts to expand recruitment from developing countries for the international Professional category, and will share information on regional recruitments with the Executive Board at its second regular session, in September 2005.

*Responsible Officer: Director, DHR*

**Recommendation No. 157**

63. The Board recommends that UNICEF ensure compliance with its budget guidelines on reporting on temporary fixed-term (TFT) staff in the country programme management plan.

*Responsible Officer: Director, DHR*

**Recommendation No. 162**

65. The Board recommends that UNICEF improve its management of staff rotation.

**Measures taken by UNICEF**

66. The organization has a comprehensive policy on staff rotation to meet its goals and objectives. It will strive for continued improvement within the parameters of the policy.

*Responsible Officer: Director, DHR*

**Recommendation No. 167**

67. The Board recommends that UNICEF strengthen controls over the dependency allowance.

**Measures taken by UNICEF**

68. Through the issuance of Administrative Instruction CF/AI/2001-003 Amend.1 on "Dependency Allowances", issued on 12 March 2003, the organization reintroduced the Dependency Status Report form, thereby continuing to make every effort to ensure that the dependency allowance is properly applied and administered with the necessary controls.

*Responsible Officer: Director, DHR*

**Recommendation No. 170**

69. The Board recommends that UNICEF further (a) clarify its policy regarding family duty stations included in the special operations approach, and (b) document and monitor decisions on special operations living allowances areas and rates.

**Measures taken by UNICEF**

70. The policy of UNICEF on the Special Operations Approach (SOA), as contained in CF/AI/1999-013 dated 21 December 1999, sets out clear criteria for the designation of SOA duty stations. Operational flexibility is needed to monitor developments on the ground and make well-informed decisions regarding the appropriateness of either introducing or discontinuing the scheme at a given duty station. This is done following discussion among operational agencies applying this scheme.

71. With regard to documenting decisions, the administrative instructions on SOA duty stations, which are regularly issued, describe the reasons and circumstances that lead either to the introduction or discontinuation of the scheme.

72. The rates are based on either the Daily Subsistence Allowance or the Mission Subsistence Allowance, as set out by the ICSC and the United Nations Secretariat, respectively. These are officially published.

*Responsible Officer: Director, DHR*

**Recommendation No. 173**

73. The Board notes the several instances in which UNICEF has deviated from United Nations instructions regarding staff entitlements, confirms its recommendation in paragraph 138 above and recommends that UNICEF comply with United Nations staff rule 112.2 and further liaise with the United Nations Secretariat on this matter.

**Measures taken by UNICEF**

74. UNICEF believes that the application and administration of staff entitlements are within the broad framework of the United Nations Staff Regulations and Rules, taking into account the operational flexibility required to meet the overall goals and objectives of the organization.

*Responsible Officer: Director, DHR*

**Recommendation No. 176**

75. The Board recommends that UNICEF comply with the human resources manual instruction on the issuance of a yearly report on consultants.

**Measures taken by UNICEF**

76. UNICEF issued the annual report on consultants on 22 October 2004.

*Responsible Officer: Director, DHR*

**Recommendation No. 181**

77. The Board recommends that UNICEF comply with the Board's instructions by improving its monitoring of consultant contracting, expenditure and evaluation and by taking appropriate steps against cases and patterns of non-compliance with instructions.

**Measures taken by UNICEF**

78. Administrative Instruction CF/AI/2004-009, a revised comprehensive policy on consultants, was issued by the organization on 19 March 2004. This policy clearly sets out the requirements for the issuance of consultants' contracts. The policy, among other things, stresses that consultants should not be used to perform regular staff functions. The authority to manage consultants is delegated to Heads of Offices and Division Directors who are accountable for their areas of work. Compliance with human resources policies and procedures is built into the organization's oversight and audit mechanisms.

*Responsible Officer: Director, DHR*

**Recommendation No. 184**

79. The Board recommends that UNICEF implement without delay a database providing reliable statistics on training and introduce an appropriate training performance evaluation system.

**Measures taken by UNICEF**

80. Regarding the database training statistics, a request for information on (a) the numbers of staff attending courses or completing certified self-directed courses, and (b) the numbers of meetings held by the Office Learning Committee has been included in the Annual Reporting Guidelines for all offices.

81. On the evaluation of training, (a) all courses and workshops held have an in-built post-event evaluation exercise (a standard form is available to all), and (b) guidelines for both the planning and evaluation of training and learning events

and activities are posted on the Learning Web, and are accessible. All offices are encouraged to follow these guidelines.

*Responsible Officer: Director, DHR*

**Recommendation No. 188**

82. The Board reiterates its recommendation that UNICEF improve its data processing in order to efficiently support early supply planning.

**Measures taken by UNICEF**

83. Supply Division continues to work with the Information Technology Division (ITD) to enhance the Cognos cube to include missing information to further improve the supply planning process. The cube was updated in August 2004 but still needs further enhancements to be more effective.

*Responsible Officer: Director, Supply Division*

**Recommendation No. 192**

84. The Board recommends that UNICEF refrain from entering into agreements that would give an unfair competitive advantage to one supplier and lead to the risk of late delivery.

**Measures taken by UNICEF**

85. UNICEF takes note of the recommendation and will account for it in future agreements. In addressing this concern, relevant clauses have been incorporated in the new in-kind assistance (IKA) policy issued under CF/EXD/2004-12, dated 7 July 2004, in Annex A, "Assessing offers of IKA", in particular the clause: "UNICEF will accept IKA as long as in doing so it does not provide the donor with an unfair commercial advantage over its competitors." Supply Division follows the clause in assessing any IKA offer.

*Responsible Officer: Director, Supply Division*

**Recommendation No. 199**

86. The Board recommends that UNICEF further improve Programme Manager System (ProMS) controls, such as on (a) passwords, (b) user groups, (c) segregation of duties and (d) access logs.

**Measures taken by UNICEF**

87. Password improvements were implemented in ProMS 5.0, released in September 2004. Monitoring of user groups and segregation of duties will be addressed as part of the ProMS 6.0 release. Simplification of the document authorization table (DAT) maintenance and reorganization of system controls between the DAT and user group tables are also planned. Access logs are already provided with no limit on duration. Actions needed to address this recommendation have now been completed.

*Responsible Officer: Director, ITD*

**Recommendation No. 202**

88. The Board recommends that UNICEF (a) set realistic deadlines for its major information and communication technology projects, and (b) allocate sufficient resources for all stages, such as gap analysis.

**Measures taken by UNICEF**

89. Management continues to incorporate key milestones and deadlines in project charters and high-level work plans. This will be done in accordance with the guidelines defined by the existing governance mechanisms and project selection processes. In so doing, management has fully addressed this recommendation.

*Responsible Officer: Director, ITD*

**Recommendation No. 204**

90. The Board recommends that UNICEF improve the budget tracking process for all ICT in order to budget and monitor expenditure.

**Measures taken by UNICEF**

91. In line with the 2004-05 budget guidelines, budget controls have been implemented to optimize the tracking and monitoring of allocated funds.

*Responsible Officer: Director, ITD*

**Recommendation No. 216**

92. The Board commends UNICEF for providing impetus to inter-agency coordination and recommends that, in cooperation with other United Nations organizations, it further strengthen its coordination with various ICT boards or steering committees of the United Nations system, with a view to further benefiting from system-wide experience.

**Measures taken by UNICEF**

93. Management continues its efforts to strengthen coordination with various ICT boards or steering committees of the United Nations system, with a view to further benefiting system-wide experience, and will continue to do so on an ongoing basis.

*Responsible Officer: Director, ITD*

**Recommendation No. 221**

94. The Board recommends that UNICEF adopt a common methodology with the other United Nations organizations for (a) determining the total cost of ownership of ICT, (b) determining the variations in cost in different parts of the organization, (c) determining whether or not outsourcing of ICT activities may be a viable option, and (d) evaluating ICT projects, their benefits, costs and risks, based on best practices.

**Measures taken by UNICEF**

95. Management continues to use IT standards and existing governance processes to implement this recommendation, and will maintain this on an ongoing basis. As part of our efforts towards this end, UNICEF provided input to the inter-agency budget comparison coordinated by the International Maritime Organization on behalf of the ICT network in March 2005.

*Responsible Officer: Director, ITD*

**Recommendation No. 224**

96. The Board recommends that UNICEF continue to establish and maintain ICT standards and operational practices in line with best practices, and share them, wherever feasible, with other United Nations organizations, with a view to reducing risks and costs.

**Measures taken by UNICEF**

97. Management concurs with the recommendation and will continue its efforts to share the best practices of UNICEF in the context of our response to Recommendation No. 216.

*Responsible Officer: Director, ITD*

**Recommendation No. 226**

98. The Board recommends that UNICEF subject all significant IT projects to a post-implementation audit.

**Measures taken by UNICEF**

99. Management has taken note of the recommendation and will review its existing financial and project frameworks for the feasibility of post-implementation audit.

*Responsible Officer: Director, ITD*

**Recommendation No. 231**

100. The Board recommends that UNICEF endeavour to improve the consistency of its data standards and policies in conjunction with other United Nations entities.

**Measures taken by UNICEF**

101. Management concurs with the recommendation and will continue its collaboration with United Nations agencies in the relevant areas of information management standards.

*Responsible Officer: Director, ITD*

**Recommendation No. 233**

102. The Board recommends that UNICEF join other United Nations organizations in instituting ICT project peer reviews, with a view to limiting in the long term the cost of a multiplicity of solutions responding to similar needs.

**Measures taken by UNICEF**

103. Management has taken note of the recommendation and wishes to note that, notwithstanding the diversity of the mandates, business models, geographical distribution, and office structures among United Nations agencies, UNICEF will endeavour to continue to share the relevant ICT best practices with United Nations system organizations, as we have similarly stated in our response to Recommendation No. 224.

*Responsible Officer: Director, ITD*

**Recommendation No. 235**

104. The Board is also of the view that, given the maturity of UNICEF processes and its reliance on best practices and independent benchmarks, UNICEF could more proactively contribute to the development of ICT synergies with other entities of the United Nations system, with a view to limiting costs through sharing lessons learned, procurement and activities.

**Measures taken by UNICEF**

105. Management takes note of the commendation and recommendation. Management will endeavour to continue to share the best practices of UNICEF in ICT with the United Nations family.

*Responsible Officer: Director, ITD*

**Recommendation No. 239**

106. The Board recommends that UNICEF negotiate (a) a new agreement for its Innocenti Research Centre (IRC), and (b) the alignment of its planning and budget cycles with standard UNICEF cycles.

**Measures taken by UNICEF**

107. Action is under way for both recommendations: (a) Negotiation of the new Agreement of Cooperation with the Government of Italy has been formally initiated and will be finalized in September 2005. Modifications to the terms of the agreement will be incorporated to the extent possible, with reference to the applicable Italian law. (b) Further action for enhanced alignment of the Centre's planning and budget cycles with standard UNICEF cycles will be discussed in the next Programme and Budget Review meeting in July 2005.

*Responsible Officer: Director, IRC*

**Recommendation No. 244**

108. The Board recommends that UNICEF (a) put in place at its IRC a more competitive selection process for consultants, (b) submit all financial commitments above \$20,000 to its Contracts Review Committee, and (c) pay more attention to the geographical balance of consultant recruitment.

**Measures taken by UNICEF**

109. Action is completed on these recommendations: (a) Management is following up on the actions described in our previous response, and a work process summary table of the competitive selection process for consultant/individual contractors has been developed. The revised process has been shared and discussed with staff during training sessions. All service contracts are monitored by the operations section, and senior management will ensure compliance. (b) The Contracts Review Committee meeting membership was reviewed and updated for 2005. All contracts above the \$20,000 level are reviewed by the Committee. (c) UNICEF regional offices have been contacted to increase the pool of consultants in IRC selection processes. A P11 form is requested of all candidates as a standardized way to obtain geographical origin of the candidates. Geographical balance is considered as an element of selection process.

*Responsible Officer: Director, IRC*

**Recommendation No. 247**

110. The Board recommends that UNICEF review the IRC distribution system and current contract.

**Measures taken by UNICEF**

111. The review has been completed and the resulting recommendations are being implemented.

*Responsible Officer: Director, IRC*

**Recommendation No. 249**

112. The Board recommends that UNICEF (a) conclude Basic Cooperation Agreements according to the 1992 standard in all countries, (b) obtain full compliance with the Convention on the Privileges and Immunities of the United Nations, and (c) implement the Basic Cooperation Agreements or renegotiate as appropriate.

**Measures taken by UNICEF**

113. As stipulated in the Programme Policy and Procedures Manual (and noted by the auditors), UNICEF management will continue to stress the priority of concluding the standard Basic Cooperation Agreements in order to ensure that critical clauses, such as those covering immunities and privileges, as well as the contribution of host-country governments to supporting and facilitating programme operations, are complied with. This is an ongoing exercise.

*Responsible Officer: Deputy Executive Director, Operations and Management*

**Recommendation No. 253**

114. The Board recommends that UNICEF continue to improve (a) the timeliness of the submission of donor reports, and (b) the accountability of regional offices for quality control of donor reports.

**Measures taken by UNICEF**

115. Excellence in reporting performance is of critical importance to UNICEF and will be regularly followed-up with all Programme Budget Allotment (PBA) holders in the framework of the accountabilities within the organization. This is an ongoing process. The Guidelines on Thematic Reporting were communicated on 18 March 2005. The Executive Directive on reporting is targeted for completion by the third quarter of 2005.

*Responsible Officer: Director, PFO*

**Recommendation No. 255**

116. The Board recommends that UNICEF, in compliance with the announcement made to the Executive Board in 1998, update its communication manual. The administration informed the Board that it expects to issue a new communication manual in the second half of 2004.

**Measures taken by UNICEF**

117. The Division of Communication (DOC) has launched the electronic intranet site containing all UNICEF communication guidance, which has been made available to all UNICEF staff. Initial feedback from headquarters, country offices and National Committees has been very positive. The site will be continually updated as new guidance is developed, based on feedback received from users.
