Executive Board

First regular session 2010

12-14 January 2010

Item 4 (b) of the provisional agenda*

Recommendation for approval of additional regular resources for approved country programmes

I. Introduction

1. The Executive Board approved the planned financial estimates for the period 2009-2012 at its 2009 second regular session (Executive Board decision 2009/21).
2. Regular resources planning levels for country programmes are established using the modified system for allocation of regular resources for programmes endorsed by the Executive Board (Executive Board decisions 1997/18 and 2008/15), taking into account the latest projections of income and expenditures. The regular resources planning levels are posted on the Executive Board website.
3. As a result of the application of the modified system for the allocation of regular resources and estimated global regular resources available for programmes, the 10 programmes extended by the Executive Board at its second regular session of 2009, listed in the table below, require regular resources beyond the levels originally approved by the Executive Board. The Executive Board is therefore requested to approve the additional regular resources for the 10 programmes to allow their uninterrupted implementation.
4. The table below sets out for each of the 10 programmes:
 - (a) The period for which the programme was approved by the Executive Board;
 - (b) The annual regular resources planning level;
 - (c) The balance of approved regular resources available to the programme;
 - (d) The amount of additional regular resources for which Executive Board approval is needed to reach the annual planning level for 2010 and 2011.

* E/ICEF/2010/1.

II. Draft decision

5. It is recommended that the Executive Board approve the following draft decision:

The Executive Board

Approves a total of \$56,996,000 in additional regular resources for the approved programmes, as outlined below.
