

Aware that such illicit trafficking requires large sums of money and involves financial transactions of significant size, and that leaders of illicit trafficking organizations may be involved in these transactions, although not in the actual movement of drug contraband,

Believing that close attention by authorities to financial transactions concerning persons suspected of involvement in illicit drug trafficking may be valuable in apprehending and convicting major drug traffickers,

1. *Urges* Governments which have not already done so to enact such legislation as may be necessary to make financial support provided knowingly, by whatever means, in furtherance of offences enumerated in article 36 (1) of the Single Convention on Narcotic Drugs, 1961, a punishable offence, and to co-operate with one another in exchanging information to identify drug traffickers committing such an offence;

2. *Requests* the Secretary-General to bring the present resolution to the attention of Governments.

2004 (LX). United Nations Fund for Drug Abuse Control

The Economic and Social Council,

Recalling its resolution 1937 (LVIII) of 6 May 1975, endorsed by the General Assembly in its resolution 3446 (XXX) of 9 December 1975, in which the Council appealed to Governments for generous and sustained contributions to the United Nations Fund for Drug Abuse Control,

Aware of the fact that, despite the appeals made in those resolutions to Governments for generous and sustained contributions, the financial resources of the Fund have remained insufficient to enable it to expand its activities and to provide to the developing countries concerned additional assistance in carrying out their respective drug control programmes, particularly those countries where the further success of such programmes depends on the expansion of such assistance to obtain maximum results,

1. *Notes with satisfaction* that the United Nations Fund for Drug Abuse Control, in collaboration with Governments and the international organizations concerned, has undertaken a number of activities⁸⁵ which have contributed, through the strengthening of national drug control pro-

grammes, to the significant advancement of international efforts to reduce drug abuse and illicit traffic in drugs:

2. *Expresses its appreciation* for the efforts being made by the Governments of a number of developing countries concerned, which, with the assistance of the Fund, have undertaken effective programmes with a view to further strengthening measures for the reduction of illicit traffic in drugs, which programmes have produced encouraging results:

3. *Notes with concern* that the request of a number of countries for additional assistance for their respective drug control programmes could not be met owing to the insufficient financial resources of the Fund;

4. *Reiterates* its previous appeals for additional generous and sustained contributions to the Fund;

5. *Expresses the hope* that Governments will, as early as possible, positively and generously respond to the appeals already made by the Council itself and by the General Assembly.

The Economic and Social Council

Recommends to the General Assembly the adoption of the following draft resolution:

The General Assembly,

“Recalling its resolution 3520 (XXX) of 15 December 1975, in which it proclaimed the period 1976-1985 ‘United Nations Decade for Women: Equality, Development and Peace’,

“Recalling also that it decided at its thirtieth session that the fund for voluntary contributions for the International Women’s Year established under Economic and Social Council resolution 1850 (LVI) of 16 May 1974 should be extended to cover the period of the Decade,⁸⁶

“Aware that some countries, particularly the least developed ones, have limited financial resources for carrying out their national plans and programmes for the advancement of women and for the implementation of the World Plan of Action for the Implementation of the Objectives of the International Women’s Year⁸⁷ adopted by the World Conference of the International Women’s Year,

“Recognizing the necessity for continuing financial and technical support for these programmes,

“Having considered the report of the Secretary-General on the Voluntary Fund for the Decade,⁸⁸
