*70th plenary meeting 6 December 1993*

48/28. Law of the sea

*The General Assembly,*

*Recalling* its previous resolutions, including resolution 47/65 of 11 December 1992, on the law of the sea,

*Recognizing that, as stated in the third preambulary paragraph of the United Nations Convention on the Law of the Sea,* the problems of ocean space are closely interrelated and need to be considered as a whole,

*Convinced that it is important to safeguard the unified character of the Convention and related resolutions adopted therewith and to apply them in a manner consistent with that character and with their object and purpose,*

*Emphasizing the need for States to ensure consistent application of the Convention, as well as the need for harmonization of national legislation with the provisions of the Convention,*

*Considering that, in its resolution 2749 (XXV) of 17 December 1970, it proclaimed that the seabed and ocean floor, and the subsoil thereof, beyond the limits of national jurisdiction (hereinafter referred to as ‘the Area’), as well as the resources of the Area, are the common heritage of mankind,*

*Recalling that the Convention provides the regime to be applied to the Area and its resources,*

*Recalling with satisfaction the expressions of willingness to explore all possibilities of addressing issues of concern to some States in order to secure universal participation in the Convention,*

*Noting that the sixty-sixth instrument of ratification of, or accession to, the Convention was deposited on 16 November 1993 and that as a consequence the Convention shall enter into force twelve months after the date of deposit of that instrument,*

*Recognizing the need for cooperation in the early and effective implementation by the Preparatory Commission of resolution II of the Third United Nations Conference on the Law of the Sea,*

*Noting with satisfaction the progress made in the Preparatory Commission since its inception, including the registration of six pioneer investors and the designation by the Preparatory Commission of reserved areas for the International Seabed Authority from the application areas submitted by the pioneer investors pursuant to resolution II, bearing in mind that such registration entails both rights and obligations for pioneer investors,*

*Noting also the increasing needs of countries, especially developing countries, for information, advice and assistance in the implementation of the Convention and in their developmental process for the full realization of the benefits of the comprehensive legal regime established by the Convention,*

*Concerned that the developing countries are as yet unable to take effective measures for the full realization of these benefits owing to the lack of resources and of the necessary scientific and technological capabilities,*

*Recognizing the need to enhance and supplement the efforts of States and competent international organizations aimed at enabling developing countries to acquire such capabilities,*

*Recognizing also that the Convention encompasses all uses and resources of the sea and that all related activities within the United Nations system need to be implemented in a manner consistent with it,*

*Deeply concerned at the current state of the marine environment,*

*Mindful of the importance of the Convention for the protection of the marine environment,*

*Noting with concern the use of fishing methods and practices, including those aimed at evading regulations and controls, which can have an adverse impact on the conservation and management of living marine resources,*

*Considering the need for effective and balanced conservation and management of living marine resources, giving full effect to the relevant provisions in the Convention,*

*Noting activities carried out in 1993 under programme 10 (Law of the sea and ocean affairs) in the medium-term plan for the period 1992-1997, as revised, taking into account the restructuring of the Secretariat of the Organization, and of the report of the Secretary-General prepared pursuant to paragraph 21 of General Assembly resolution 47/65,*
