Deeply concerned by the spread of slums and squatter settlements lacking social services and infrastructure, and the general deterioration of the quality of life in rural settlements,

Recognizing that this lamentable situation can adversely affect the social, economic and political stability of countries,

Taking note of the recommendation of the Committee on Industry, Technology, Human Settlements and the Environment, at its tenth session, on the strategy for shelter up to the year 2000,

Encouraged by the initiatives taken in several countries of the region, such as preparing national shelter strategies and promoting other activities designed to achieve the goal of shelter for all by the year 2000,

1. Urges again all members and associate members to commit themselves to the objectives of the Global Strategy for Shelter to the Year 2000;

2. Invites members and associate members to adopt and implement shelter strategies in accordance with the guidelines for national action contained in section I of the annex to General Assembly resolution 42/191, which will enable the mobilization of all forces and resources in the countries for the attainment of the objectives of the Strategy;

3. Also invites members and associate members in a position to do so, and concerned donors and international organizations, to provide additional financial resources to assist developing countries in the formulation and implementation of shelter strategies;

4. Requests the Executive Secretary to encourage and assist, within available resources, the members and associate members in the formulation of shelter strategies and take other measures that will facilitate exchange of information and experience in accordance with the guidelines for international action contained in section II of the annex to General Assembly resolution 42/191;

5. Also requests the Executive Secretary to place the subject "Shelter strategies towards the year 2000" as an item on the agenda of the sessions of the Commission in alternate years beginning from 1990, so as to review the progress towards the goal of shelter for all by
the year 2000, based on information to be provided by Governments.

677th meeting
20 April 1988

269 (XLIV). The Commission's activities in the Pacific

The Economic and Social Commission for Asia and the Pacific,

Recalling its resolution 173 (XXXIII) of 29 April 1977 on increased participation by the developing island countries of the Pacific in the Commission's activities, and resolutions 188 (XXXIV) of 17 March 1978, 208 (XXXVI) of 29 March 1980, 237 (XL) of 27 April 1984, and 244 (XLI) of 29 March 1985 on the Commission's activities in the Pacific,

Recalling further the reiterated call for specific action in favour of island developing countries contained in United Nations Conference on Trade and Development resolutions 98 (IV) of 31 May 1976, 111 (V) of 3 June 1979, and 138 (VI) of 2 July 1983,

Taking note of the appointment of a Pacific islander as Head of the ESCAP Pacific Operations Centre,

Expressing its appreciation to all donor Governments and multilateral agencies that have responded to the special needs of island member and associate member countries in the Pacific,

Bearing in mind the expressed wish of island developing countries to monitor and participate fully in the Commission's work for the discharge of the ESCAP social and economic mandate in the Pacific,

Noting the concern that Pacific island countries, especially the small, remote and least developed countries, have not been fully represented at Commission sessions to enable them to articulate their needs and problems owing to the insurmountable financial constraints on their attendance,

1. Commends the Executive Secretary on the positive efforts made to establish the new subprogramme on "Special measures in favour of the island developing countries" within the work programme on "Development issues and policies", and to increase the relevance and effectiveness of the Commission's role and activities in the Pacific;

2. Requests the Executive Secretary to increase and diversify, as much as feasible and taking into account the United Nations guidelines in this respect, Pacific subregional representation on the secretariat Professional staff;

3. Requests the Executive Secretary to consult with the Secretary-General and with members and associate members of ESCAP, as well as interested donors, and international organizations with a view to obtaining the necessary resources to ensure the full participation of Pacific island countries at the forty-fifth session of the Commission in 1989 and thereafter;

4. Further requests the Executive Secretary to investigate the feasibility of providing office space, facilities, and secretariat support services in Bangkok for participants from, and representatives of, Pacific island countries;

5. Requests the Executive Secretary to report to the Commission at its forty-fifth session on the implementation of the present resolution.

677th meeting
20 April 1988

270 (XLIV). Adoption of measures in the Asian and Pacific region to support follow-up of the report

The Missing Link on telecommunication

The Economic and Social Commission for Asia and the Pacific,

Considering the decision of the Committee on Shipping, and Transport and Communications (Transport, Communications and Tourism Wing) at its eleventh session,

6/ See paras. 727-736 above.

7/ See para. 523 above.
