9. Please describe briefly:

The competent security authorities in our ministry undertake monitoring and information-gathering measures in cooperation with the Ministry of the Economy.

12. Resolution 1455 (2003) calls on Member States to provide “a comprehensive summary of frozen assets of listed individuals and entities”. Please provide a list of the assets that have been frozen in accordance with this resolution. This list should also included assets frozen pursuant to resolutions

1267 (1999), 1333 (2001) and 1390 (2002). Please include, to the extent possible, in each listing the following information:

- **Identification(s) of the persons or entities whose assets have been frozen;**
- **A description of the nature of the assets frozen (i.e. bank deposits, securities, business assets, precious commodities, works of art, real estate property, and other assets);**

Please indicate the domestic legal basis, including a brief description of laws, regulations and/or procedures in place in your country to control the movements of such funds or assets to designated individuals and entities. This section should also include a description of:

- **The methodology, if any, used to inform banks and other financial institutions of the restrictions placed upon individuals or entities listed by the Committee, or who have otherwise been identified as members or associates of al-Qa`idah or the Taliban. This section should include an indication of the types of institutions informed and the methods used;**

Charitable and cultural associations and organizations in the Syrian Arab Republic are subject to the provisions of the Law on Private Associations and

Organizations, No. 93 of 1958, its Implementing Regulations, No. 1330 of 1958, and the amendments thereto. Charitable associations and organizations collect funds in accordance with a permit issued on the basis of the regime for the collection of contributions, established by Decision No. 1347 of 30 December 1971 (copy attached). Oversight of charitable associations is effected on the basis of Circular No. Kh/2/5157 of 1 December 1973 (copy attached) setting forth the breakdown of powers transmitted by our Ministry to local administrative authorities, inasmuch as charitable associations collect contributions after obtaining prior permission from the executive office of the province concerned. A balance of the proceeds is drawn up by the directorate of social affairs and labour in the province concerned and the provincial directorates of social affairs and labour make field trips to see how the associations are actually operating and how far they confine themselves to the achievement of their objectives and do not exceed them, and in the light of the visit a report is drawn up in accordance with the attached model.

Overseas funding for such associations is subject to approval by our Ministry through verification of the source of funding. Under the provisions of article 21 of the Law on Private Associations and Organizations, No. 93 of 1958, every association must transmit to the Ministry a copy of each cheque or hawala and information concerning the contribution so that the source of overseas funding may be checked. We would also mention that, under the provisions of article 18 of the above-mentioned Associations Law, associations may not disburse their funds save for the achievement of their objectives. Charitable assistance provided by associations to poor and needy citizens is monitored by the Ministry of Social Affairs and Labour in accordance with our Circular No. B/2/8555 of 30 December 2000 (copy attached). Purchase and sale transactions come under the Statute on Contracts of Private Associations and Organizations, No. Kh/2/2435 of 6 August 1977.
