Resolution adopted by the Economic and Social Council on 2 June 2016

[on the recommendation of the Commission for Social Development (E/2016/26)]

2016/7. Social dimensions of the New Partnership for Africa’s Development

The Economic and Social Council,

Recognizing the commitments made with regard to meeting the special needs of Africa at the 2005 World Summit and reaffirmed in the political declaration on

\(^{1}\) Report of the World Summit for Social Development, Copenhagen, 6–12 March 1995 (United Nations publication, Sales No. E.96.IV.8), chap. I, resolution 1, annexes I and II.
\(^{2}\) General Assembly resolution S-24/2, annex.
\(^{3}\) General Assembly resolution 70/1.
\(^{4}\) General Assembly resolution 69/313, annex.
\(^{5}\) General Assembly resolution 55/2.
\(^{6}\) General Assembly resolution 60/1.
\(^{7}\) General Assembly resolution 65/1.
\(^{8}\) General Assembly resolution 57/2.
\(^{9}\) General Assembly resolution 66/288, annex.
Africa’s development needs adopted at the high-level meeting held at United Nations Headquarters on 22 September 2008, and noting the conclusions of the African Union Extraordinary Summit on Employment and Poverty Alleviation in Africa, held in Ouagadougou on 8 and 9 September 2004, including relevant decisions of African Union summits related to the New Partnership for Africa’s Development,

Recalling the fourth session of the African Union Conference of Ministers of Social Development, on the theme “Strengthening the African family for inclusive development in Africa”, held in Addis Ababa from 26 to 30 May 2014, and the first session of the Specialized Technical Committee on Social Development, Labour and Employment, on the theme “Social protection for inclusive development”, held in Addis Ababa from 20 to 24 April 2015, recalling in this regard the African Common Position on Social Integration and the Social Policy Framework for Africa, both of which were endorsed by the Heads of State and Government of the African Union in February 2009, as well as the African Common Position on Good Practices in Family Policy Development and Implementation, for the twentieth anniversary of the International Year of the Family (2014), and the renewed Continental Plan of Action on the African Decade of Persons with Disabilities (2010–2019), which were endorsed by the Heads of State and Government of the African Union in January 2013, and taking note of the African Common Position on the Human Rights of Older Persons in Africa,

Recalling also the Johannesburg Summit of the Forum on China-Africa Cooperation, held from 3 to 5 December 2015, and its outcome documents, the Johannesburg Declaration and the Johannesburg Action Plan (2016–2018),

Reaffirming the importance of supporting Agenda 2063 of the African Union, as well as its 10-year implementation plan, as a strategic framework for ensuring a positive socioeconomic transformation in Africa within the next 50 years, and its continental programme embedded in the resolutions of the General Assembly on the New Partnership for Africa’s Development and regional initiatives, such as the Comprehensive Africa Agriculture Development Programme,

Reaffirming also General Assembly resolution 70/1 of 25 September 2015, entitled “Transforming our world: the 2030 Agenda for Sustainable Development”, in which the Assembly adopted a comprehensive, far-reaching and people-centred set of universal and transformative Sustainable Development Goals and targets and affirmed its commitment to working tirelessly for the full implementation of this Agenda by 2030, its recognition that eradicating poverty in all its forms and dimensions, including extreme poverty, is the greatest global challenge and an indispensable requirement for sustainable development, its commitment to achieving sustainable development in its three dimensions – economic, social and environmental – in a balanced and integrated manner, and to building upon the achievements of the Millennium Development Goals and seeking to address their unfinished business,

Reaffirming further General Assembly resolution 69/313 of 27 July 2015 on the Addis Ababa Action Agenda of the Third International Conference on Financing for Development, which is an integral part of the 2030 Agenda for Sustainable Development, supports and complements it, helps to contextualize its means of implementation targets with concrete policies and actions, and reaffirms the strong

---

10 General Assembly resolution 63/1.
political commitment to address the challenge of financing and creating an enabling environment at all levels for sustainable development in the spirit of global partnership and solidarity,

Noting with appreciation the Programme for Infrastructure Development in Africa adopted by the African Union, which calls for the creation of an enabling environment for adequate investments and the adoption of the sector reforms needed to produce the expected results aimed at promoting economic and social development and reducing poverty on the continent through the implementation of integrated regional infrastructure networks,

Welcoming the ministerial statement on the theme “Implementing Agenda 2063: planning, mobilizing and financing for development”, adopted by the African Union Specialized Technical Committee on Finance, Monetary Affairs, Economic Planning and Integration and the Economic Commission for Africa Conference of African Ministers of Finance, Planning and Economic Development at their eighth joint meeting, held in Addis Ababa on 30 and 31 March 2015,

Remaining concerned that, while Africa made steady progress towards the attainment of the targets of the Millennium Development Goals, that progress was, however, not enough for all countries to attain all of the Goals by 2015, and in this regard emphasizing that concerted efforts and continued support are required to fulfil the commitments to address the special needs of Africa and to the full realization of all the Millennium Development Goals, including the off-track Millennium Development Goals, in particular by providing focused and scaled-up assistance to least developed countries and other countries in special situations, in line with relevant support programmes,

Noting with concern the continued prevalence of child, early and forced marriage, and welcoming in this regard the Africa-wide campaign to end child marriage in Africa launched at the Conference of Ministers of Social Development held in Addis Ababa from 26 to 30 May 2014,

Expressing concern about the adverse impact of the consequences of the world financial and economic crisis, including on development, and evidence of an uneven, fragile and slow recovery, cognizant that the global economy, notwithstanding significant efforts that helped to contain tail risks, improve financial market conditions and stability and sustain recovery, still remains in a challenging phase, with downside risks, including high volatility in global markets, excessive volatility of commodity prices, high unemployment, particularly among young people, unsustainable debt in some countries and widespread fiscal strains, which pose challenges for global economic recovery and reflect the need for additional progress towards sustaining and rebalancing global demand, and stressing the need for continuing efforts to address systemic fragilities and imbalances and to reform and strengthen the international financial system while implementing the reforms agreed upon to date,

Recognizing that, while global growth is returning, there is a need to further strengthen the recovery, which is still uneven, stressing the urgent need for full recovery and sustainable, inclusive, sustained and accelerated growth, which translates into new productive employment opportunities, secure incomes and improved livelihoods, and reaffirming the need to continue to support the special needs of Africa and to take action to mitigate the multidimensional impacts of the crisis on the continent,
Expressing grave concern at the recent recurrence of the Ebola virus disease in some parts of West Africa and its unprecedented nature and scope, and the potential reversal of the gains made in recent years by the three countries most affected by the Ebola outbreak in the areas of peacebuilding, political stability and the reconstruction of socioeconomic infrastructure,

Noting that Africa is abundantly endowed with natural resources, including many industrial minerals and agricultural resources that are exported mainly in primary form, and that the exploitation of the natural resources sector in Africa has for many years attracted foreign direct investment in capital-intensive enclave sectors that has the potential, when paired with appropriate policies, including employment-intensive policies, to spur structural transformation, create employment, contribute to poverty eradication and reduce inequality,

Emphasizing that the African Union and the regional economic communities have a critical role to play in the implementation of the New Partnership for Africa’s Development,11 and in this regard encouraging African countries, with the assistance of their development partners, to increase and coordinate effectively their support for enhancing the capacities of these institutions and to promote regional cooperation and social and economic integration in Africa,

Recognizing the regional coordination mechanism of United Nations agencies and organizations working in Africa in support of the African Union and its New Partnership for Africa’s Development Programme of Action, as well as the Planning and Coordinating Agency of the New Partnership as a technical body of the African Union, which aims to ensure coordination and coherence in the delivery of support for greater effectiveness and impact through increased joint programming and joint implementation of activities,

Recognizing also that capacity-building, knowledge-sharing and best practices are essential for the successful implementation of the New Partnership, and recognizing further the need for continued support from the international community, partners of the New Partnership and United Nations agencies to continue to work towards sustained, inclusive and equitable economic growth and development on the African continent and for greater synergy and effective coordination between the New Partnership and the international initiatives related to Africa, and emphasizing the importance of the close collaboration of the African Union Commission and the United Nations as the co-organizers of the Tokyo International Conference on African Development,

Recognizing further that investments in people, especially their social protection, health and inclusive and equitable quality education, are essential to enhancing agricultural productivity and performance, and thereby key to growth and poverty reduction, through increasing decent job creation and employability opportunities, especially for women and youth, improving food security and nutrition and building resilience,

Recognizing that gender equality and the empowerment of women and girls will make a crucial contribution to progress across all the Goals and targets and that the systematic mainstreaming of a gender perspective in the implementation of the 2030 Agenda for Sustainable Development is crucial,

11 A/57/304, annex.
Recognizing also that the lack of access to drinking water and proper sanitation contributes to slow progress in reducing Africa’s disease burden, particularly among the poorest populations, in both rural and urban areas, and conscious of the impact of the lack of sanitation on people’s health, poverty reduction efforts, economic and social development and the environment, in particular water resources,

Noting with appreciation that the Heavily Indebted Poor Countries Initiative, the Multilateral Debt Relief Initiative and bilateral donors have provided substantial debt relief to 36 countries, 30 of which are in Africa, that have reached the completion point under the Heavily Indebted Poor Countries Initiative, which has considerably reduced their debt vulnerability and enabled them to increase their investments in social services,

Bearing in mind that African countries have primary responsibility for their own economic and social development, that the role of national policies and development strategies cannot be overemphasized and that the development efforts of such countries need to be supported by an enabling international economic environment, and in this regard recalling the support given by the International Conference on Financing for Development to the New Partnership,\(^\text{12}\)

Noting other relevant forums, such as the Global Partnership for Effective Development Cooperation and its first high-level meeting, on the theme “Building towards an inclusive post-2015 development agenda”, held in Mexico City on 15 and 16 April 2014, and looking forward to its next meeting, to be held in Nairobi late in 2016,

1. Takes note of the report of the Secretary-General;\(^\text{13}\)

2. Welcomes the progress made by African Governments in fulfilling their commitments in the implementation of the New Partnership for Africa’s Development\(^\text{11}\) to deepen democracy, human rights, good governance and sound economic management, and encouraging them, with the participation of stakeholders, including civil society and the private sector, to intensify their efforts in this regard by developing and strengthening institutions for governance and creating an environment conducive to attracting foreign direct investment for the development of the region;

3. Also welcomes the good progress that has been made in implementing the African Peer Review Mechanism, as reflected in particular by the number of countries that have signed up to participate in the Mechanism, the completion of the peer review process in some countries, the progress in implementing the recommendations of those reviews in those countries and the completion of the annual progress reports and self-assessment processes, the hosting of country support missions and the launching of national preparatory processes for the peer review in others, and urges African States that have not yet done so to join the Mechanism as a matter of priority and to strengthen the peer review process so as to ensure its efficient performance;

4. Further welcomes the adoption of Agenda 2063 by the Assembly of Heads of State and Government of the African Union at its twenty-fourth ordinary

\(^{13}\) E/CN.5/2016/2.
Social dimensions of the New Partnership for Africa’s Development

5. **Recognizes** the progress that has been made in the implementation of the Programme for Infrastructure Development in Africa, particularly through the mechanism of the Presidential Infrastructure Champion Initiative, under which impressive progress has been recorded in the conception of many critical infrastructure projects on the continent;

6. **Stresses** that industrialization is a critical engine of economic and social development, and emphasizes the need to accelerate Africa’s industrialization by the adoption and implementation of specific measures and actions at the national, regional and continental levels and with the support of and in collaboration with development partners and the international community;

7. **Also stresses** the importance of taking measures to promote the dynamic diversification of African economies through transforming African economies from resource dependence, increasing local processing of and value addition to natural resources in order to expand the domestic economy and increase revenue, and developing new industries in order to transform lives and create opportunities for more and better jobs;

8. **Welcomes** the efforts made by African countries and regional and subregional organizations, including the African Union, to mainstream a gender perspective and the empowerment of women and girls in the implementation of the New Partnership, including the implementation of the Protocol to the African Charter on Human and Peoples’ Rights on the Rights of Women in Africa;

9. **Also welcomes** the decision taken by the Assembly of Heads of State and Government of the African Union at its twenty-third ordinary session, held in Malabo on 26 and 27 June 2014, to proclaim 2016 the African Year of Human Rights with Particular Focus on the Rights of Women;

10. **Notes** that health is a precondition, an indicator and an outcome of sustainable development and that, as part of the 2030 Agenda for Sustainable Development, robust efforts are needed to sustain gains made under the Millennium Development Goals and integrate additional health issues into a broad health and development agenda, particularly the extension of universal health coverage;

11. **Stresses** the importance of improving maternal and child health, in this regard welcomes the declaration of the African Union summit on maternal, infant and child health and development, held in Kampala from 19 to 27 July 2010, and acknowledges the ongoing activities of the Campaign on Accelerated Reduction of Maternal Mortality in Africa;

12. **Encourages** African countries to prioritize investments in building the institutional capacity of health systems, reduce health inequities within and across countries, progressively achieve universal health coverage, strengthen global health security and curb the outbreak of major diseases;

13. **Invites** development partners to continue to assist African countries in their efforts to strengthen national health systems, including by providing skilled health personnel, reliable health information and data, research infrastructure and laboratory capacity, and to expand surveillance systems in the health sector, including support for the efforts to prevent, protect against and combat outbreaks of diseases, including of neglected tropical diseases, and in this context reiterates its
support for the Kampala Declaration and Agenda for Global Action and follow-up conferences to respond to the serious health workforce crisis in Africa;

14. **Notes with appreciation** the debt relief offered by international financial institutions to the countries most affected by the Ebola crisis, and invites consideration of further measures by partner countries to facilitate long-term debt management sustainability, including by enhancing debt management capabilities in Guinea, Liberia and Sierra Leone and by considering additional debt relief on a case-by-case basis in order to alleviate the impact of the crisis on the economies of these countries and to assist in their economic recovery and development;

15. **Encourages** Member States to expand international cooperation and capacity-building support to developing countries, particularly African countries, in water- and sanitation-related activities and programmes, including water harvesting, desalination, water efficiency, wastewater treatment, recycling and reuse technologies;

16. **Emphasizes** that progress in the implementation of the New Partnership depends also on a favourable national and international environment for Africa’s growth and development, including measures to promote a policy environment conducive to private sector development and entrepreneurship and to the achievement of the Sustainable Development Goals;

17. **Also emphasizes** that democracy, respect for all human rights and fundamental freedoms, including the right to development, transparent and accountable governance and administration in all sectors of society and effective participation by civil society, including non-governmental and community-based organizations, and the private sector are among the indispensable foundations for the realization of social and people-centred sustainable development;

18. **Further emphasizes** that the increasingly unacceptable high levels of poverty, inequality and social exclusion faced by most African countries require a comprehensive approach to the development and implementation of social and economic policies, inter alia, to reduce poverty, to promote economic activity, growth and sustainable development in order to ensure productive employment creation and decent work for all, to promote quality education, health and social protection and to enhance equality, social inclusion, political stability, democracy and good governance at all levels and the promotion and protection of human rights and fundamental freedoms;

19. **Emphasizes** that identifying and removing barriers to opportunity, as well as ensuring access to basic social protection and social services, are necessary to break the cycle of poverty, inequality and social exclusion;

20. **Encourages** African countries to continue to prioritize structural transformation, modernize smallholder agriculture, add value to primary commodities, improve public and private institutions of economic and political governance and invest in major public infrastructure projects and in inclusive, equitable and quality education and health in order to promote inclusive growth, generate full and productive employment and decent work for all and reduce poverty;

21. **Emphasizes** that economic development, including employment-intensive resource-based industrial development, infrastructural development and structural transformation, in particular in the rural economy, based on pragmatic and targeted policies to enhance productive capacities in Africa that are consistent with national development priorities and international commitments, can generate employment...
and income for all African men and women, including the poor, and therefore be an engine for poverty eradication and for achieving the internationally agreed development goals, including the Sustainable Development Goals;

22. Encourages African countries to continue to foster political stability, promote peace and security and strengthen the governance, policy and institutional environment in order to enhance the prospects for inclusive and sustainable development, and to develop an enabling environment for the private sector to contribute to sustainable economic transformation and the creation of productive employment and decent work for all;

23. Underlines the fact that the fulfilment of all official development assistance commitments is crucial, including the commitments by many developed countries to achieve the target of allocating 0.7 per cent of their gross national product for official development assistance to developing countries by 2015 and the target of allocating between 0.15 and 0.20 per cent of their gross national product for official development assistance to the least developed countries, and urges developed countries that have not yet done so to fulfil their commitments for official development assistance to developing countries;

24. Stresses the essential role that official development assistance plays in complementing, leveraging and sustaining financing for development efforts in developing countries and in facilitating the achievement of development objectives, including the internationally agreed development goals, in particular the Sustainable Development Goals, and welcomes steps to improve the effectiveness and quality of aid based on the fundamental principles of national ownership, alignment, harmonization, managing for results, inclusive development partnerships and transparency and mutual accountability;

25. Recognizes that, while social development is primarily the responsibility of Governments, international cooperation and assistance are essential for the full achievement of that goal, and calls upon the international community to continue to support the resolution of challenges faced by developing countries, especially the least developed countries, including in Africa, to independently achieve sustainable development;

26. Also recognizes the contribution made by Member States to the implementation of the New Partnership in the context of South-South cooperation, and encourages the international community, including the international financial institutions, to support the efforts of African countries, including through trilateral cooperation;

27. Welcomes the various important initiatives undertaken by Africa’s development partners in recent years, and in this regard emphasizes the importance of coordination in such initiatives on Africa through ensuring the effective implementation of existing commitments, including through the African Union/New Partnership for Africa’s Development African Action Plan 2010–2015: Advancing Regional and Continental Integration in Africa, which remains at the centre of the continent’s engagement with partners;

28. Encourages African countries to intensify their efforts to strengthen national statistical capacity in order to produce reliable and timely statistics and indicators for the monitoring of national development policies and strategies and of the implementation of commitments and the achievement of all development goals at the national, regional and international levels, and in this regard urges donor countries and organizations and the international and regional statistical communities to support African countries in strengthening statistical capacity in support of development;
29. **Urges** continuous support for measures to address the challenges of poverty eradication and sustainable development in Africa, with special emphasis on the Sustainable Development Goals related to poverty and hunger, health, education, the empowerment of women and gender equality, including, as appropriate, debt relief, improved market access, support for the private sector and entrepreneurship, enhanced official development assistance, increased foreign direct investment and transfer of technology on mutually agreed terms, reduced cost of sending remittances through official channels, the empowerment of women in all aspects, including economic and political aspects, the promotion of social protection systems and the conclusion of the Doha round of negotiations of the World Trade Organization;

30. **Underlines** the importance for African Governments to build the productive capacity of agriculture, as a top priority, in order to increase rural incomes and ensure access to food for net food buyers, and stresses that greater efforts should be made to promote and implement sustainable agriculture, increase access for smallholder farmers, in particular women, to necessary agricultural resources, including productive assets, and improve access to infrastructure, information and markets, and that, furthermore, efforts should be made to promote small and medium-sized enterprises that contribute to job growth and increase incomes along the agricultural value stream;

31. **Urges** African Governments, within the framework of the Comprehensive Africa Agriculture Development Programme, to expand investment financing to agriculture to at least 10 per cent of the annual budget of the national public sector while at the same time ensuring necessary action in policy and institutional reforms for enhanced performance of the agriculture industry and systems;

32. **Recognizes** the need for Africa’s development partners that are supporting agriculture, food security and nutrition in Africa to align their efforts more specifically towards supporting the Comprehensive Africa Agriculture Development Programme, using the Programme’s investment plans for alignment of external funding, and in this regard takes note of the Declaration of the World Summit on Food Security;¹⁴

33. **Also recognizes** that the implementation of the commitments made by Governments during the First United Nations Decade for the Eradication of Poverty (1997–2006) has fallen short of expectations, and welcomes the proclamation of the Second Decade (2008–2017) by the General Assembly in its resolution 62/205 of 19 December 2007 in order to support, in an efficient and coordinated manner, the internationally agreed development goals related to poverty eradication, including the Millennium Development Goals;

34. **Urges** African countries to pay close attention to inclusive, equitable and sustainable growth capable of being employment-intensive, including through employment-intensive investment programmes, which should be aimed at reducing inequalities, increasing productive employment and improving real per capita incomes in both rural and urban areas;

35. **Emphasizes** the need, in particular for African countries, to enhance capacity-building for sustainable development, and in this regard calls for the strengthening of technical and scientific cooperation, including North-South,

---

¹⁴ Food and Agriculture Organization of the United Nations, document WSFS 2009/2.
South-South and triangular cooperation, and reiterates the importance of human resources development, including through training, the exchange of experience and expertise, knowledge transfer and technical assistance for capacity-building, which involves strengthening institutional capacity, including planning, management and monitoring capacities;

36. *Also emphasizes* the importance of increasing international cooperation to improve the quality of and access to education, in particular for African countries, including through building and strengthening education-related infrastructure and increasing investment in education, and in this regard notes the Global Education First Initiative of the Secretary-General and its objectives and invites Member States to contribute to the Initiative, as appropriate, including through the allocation of adequate resources;

37. *Urge* African countries and development partners to meet the needs of young people and empower them, in particular by tackling the high levels of youth unemployment through the development of quality education and training programmes that address illiteracy, enhance the employability and capabilities of young people, facilitate school-to-work transitions and expand guaranteed employment schemes, where appropriate, with particular attention to disadvantaged young people in both rural and urban areas;

38. *Recognizes* that improving access to school for all girls and boys, especially the poorest and most vulnerable and marginalized, and their ability to receive a quality education, and improving the quality of education beyond primary school can have a positive impact in terms of empowerment and on social, economic and political participation and thus on the fight against poverty and hunger and can contribute directly to achieving the internationally agreed development goals, including the Sustainable Development Goals;

39. *Also recognizes* that Africa’s youthful population creates significant opportunities for the continent’s development, and underlines in this regard the importance of African countries creating appropriate policy environments to take advantage of the continent’s demographic transition while adopting an inclusive results-based approach to development planning and implementation in accordance with national priorities and legislation;

40. *Encourage* Governments, international organizations, other relevant institutions and stakeholders, as appropriate, to provide relevant skills training for youth, high-quality health-care services and dynamic labour markets to employ a growing population;

41. *Calls upon* the international community to enhance support and fulfil its commitments to take further action in areas critical to Africa’s economic and social development, and welcomes the efforts by development partners to strengthen cooperation with the New Partnership;

42. *Welcomes* the increasing efforts to improve the quality of official development assistance and to increase its development impact, recognizes its Development Cooperation Forum, notes other initiatives, such as the high-level forums on aid effectiveness, which produced, inter alia, the Paris Declaration on Aid Effectiveness, the Accra Agenda for Action and the Busan Partnership for Effective Development Cooperation, which make important contributions to the efforts of the
countries that have made commitments to them, including through the adoption of the fundamental principles of national ownership, alignment, harmonization and managing for results, and the Addis Ababa Action Agenda, adopted as the outcome document of the third International Conference on Financing for Development, held in Addis Ababa from 13 to 16 July 2015, and bears in mind that there is no one-size-fits-all formula that will guarantee effective assistance and that the specific situation of each country needs to be fully considered;

43. Recognizes the need for Governments and the international community to continue to make efforts to increase the flow of new and additional resources for financing for sustainable development from all sources, public and private, domestic and foreign, to support the development of African countries, and welcomes the various important initiatives established between African countries and their development partners in this regard;

44. Acknowledges the activities of the Bretton Woods institutions and the African Development Bank in African countries, and invites those institutions to continue their support for the implementation of the priorities and objectives of the New Partnership;

45. Expresses deep concern that illicit financial flows and poor legal, fiscal and regulatory frameworks for mineral resources undermine national development efforts, encourages African countries to take measures to address these challenges, and invites development partners to continue to assist African countries in tackling illicit financial flows;

46. Encourages Africa’s development partners to continue to integrate the priorities, values and principles of the New Partnership into their development assistance programmes;

47. Encourages African countries and their development partners to place people at the centre of government development action, to secure core investment spending in health, education and social protection and to give particular consideration to universal access to basic social security systems, recognizing that social protection floors can provide a basis from which to address poverty and vulnerability, and in this regard takes note of Recommendation No. 202 concerning national floors of social protection, adopted by the International Labour Conference at its 101st session, on 14 June 2012;

48. Notes the growing collaboration among the entities of the United Nations system in support of the New Partnership, and requests the Secretary-General to promote greater coherence in the work of the United Nations system in support of the New Partnership, on the basis of the agreed clusters of the Regional Coordination Mechanism for Africa;

49. Emphasizes the importance for the cluster working on communication, advocacy and outreach to continue to muster international support for the New Partnership and to urge the United Nations system to demonstrate more evidence of cross-sectoral synergies to promote a comprehensive approach with regard to successive phases of planning and implementation of social development programmes in Africa;

_______________

16 The nine clusters include infrastructure development; environment, population and urbanization; social and human development; science and technology; advocacy and communication; governance; peace and security; agriculture, food security and rural development; and industry, trade and market access.
50. *Encourages* the international community to support African countries in addressing the challenges of climate change by mobilizing and providing the financial and technological resources and capacity-building training needed to support adaptation and mitigation action;

51. *Requests* the Commission for Social Development to continue to discuss in its annual programme of work those regional programmes that promote social development so as to enable all regions to share experiences and best practices, with the agreement of concerned countries, and in this regard requests that the work programmes of the Commission include priority areas of the New Partnership, as appropriate;

52. *Invites* engagement in intergovernmental efforts to continue to improve the coherence and effectiveness of the United Nations system in support of Africa and to continue to support the Economic Commission for Africa in the execution of its mandate, particularly by working with its members to ensure that the post-2015 development agenda gives due consideration to Africa’s social development priorities;

53. *Decides* that the Commission for Social Development should continue to give prominence to and raise awareness of the social dimensions of the New Partnership and give due consideration to Agenda 2063 of the African Union at its fifty-fifth session;

28th plenary meeting
2 June 2016
