Convinced that the resources released by disarmament, including regional disarmament, can be devoted to economic and social development and to the protection of the environment for the benefit of all peoples, in particular those of the developing countries,

Bearing in mind the establishment by the Secretary-General on 28 May 1992 of the Standing Advisory Committee on Security Questions in Central Africa, the

Reaffirming its resolutions 46/36 F of 6 December 1991 and 47/52 G of 9 December 1992 on regional disarmament, including confidence-building measures,

Recalling its resolution 48/76 E of 16 December 1993 on the regional disarmament centres,

Mindful of the provisions of Article 11, paragraph 1, of the Charter of the United Nations stipulating that a function of the General Assembly is to consider the general principles of cooperation in the maintenance of international peace and security, including the principles governing disarmament and arms limitation,

Bearing in mind that the changed international environment has created new opportunities for the pursuit of disarmament, as well as posed new challenges,

Taking note of the report of the Secretary-General on the activities of the regional centres, 12/

Convinced that the initiatives and activities mutually agreed upon by Member States of the respective regions aimed at fostering mutual confidence and security, as well as the implementation and coordination of regional activities under the United Nations Disarmament Information Programme, would encourage and facilitate the development of effective measures of confidence-building, arms limitation and disarmament in these regions,

Welcoming the programme of activities carried out by the regional centres, which have contributed substantially to understanding and cooperation among the

States in each particular region and have thereby strengthened the role assigned to each regional centre in the areas of peace, disarmament and development,

Recognizing the need to provide the centres with financial viability and stability so as to facilitate the effective planning and implementation of their respective programmes of activities,

Expressing its gratitude to the Member States and international governmental and non-governmental organizations and foundations that have contributed to the trust funds of the three regional centres,

E

Convention on the Prohibition of the Use of Nuclear Weapons

The General Assembly,

Convinced that the use of nuclear weapons poses the most serious threat to the survival of mankind,

Convinced also that a multilateral agreement prohibiting the use or threat of use of nuclear weapons would strengthen international security and contribute to the climate for negotiations leading to the ultimate elimination of nuclear weapons,

Welcoming the Treaty between the Russian Federation and the United States of America on Further Reduction and Limitation of Strategic Offensive Weapons, signed at Moscow on 3 January 1993, aimed at reducing the strategic arsenals to an aggregate level not to exceed 3,500 deployed strategic warheads for each side no later than the year 2003,

Conscious that the recent steps taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and the improvement in the international climate can contribute towards the goal of complete elimination of nuclear weapons,

Recalling that, in paragraph 58 of the Final Document of the Tenth Special Session of the General Assembly, 8/ it is stated that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and that would preclude the use or threat of use of nuclear weapons,

Reaffirming that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Stressing that an international convention would be a step towards the complete elimination of nuclear weapons leading to general and complete disarmament under strict and effective international control,

Noting with regret that the Conference on Disarmament, during its 1994 session, was unable to undertake negotiations on this subject,

/...

1. Reiterates its request to the Conference on Disarmament to commence negotiations, as a matter of priority, in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances, taking as a possible basis the draft Convention on the Prohibition of the Use of Nuclear Weapons annexed to the present resolution;

2. Requests the Conference on Disarmament to report to the General Assembly on the results of those negotiations.
