OFFICIAL RECORDS, 1996

SUPPLEMENT No. 1

UNITED NATIONS
New York, 1997
NOTE

The resolutions and decisions of the Economic and Social Council are identified as follows:

Resolutions

Until 1977 (up to and including the resumed sixty-third session), the resolutions of the Economic and Social Council were numbered consecutively and were identified by an Arabic numeral followed by an indication of the session in parentheses (for example: resolution 1773 (LIV), resolution 1915 (ORG-75), resolution 2046 (S-III), adopted at the fifty-fourth session, the organizational session for 1975 and the third special session, respectively). When several resolutions were adopted under the same number, each of them was identified by a capital letter (for example: resolution 1926 B (LVIII), resolutions 1954 A to D (LIX)). The last resolution so numbered is resolution 2130 (LXIII), of 14 December 1977.

Since 1978, as part of the new system adopted for symbols of Council documents, the resolutions have been numbered on a yearly basis and identified by two Arabic numerals separated by an oblique stroke, the first numeral indicating the year, the second the number of the resolution in the annual series (for example: resolution 1990/47).

Decisions

Until 1973 (up to and including the resumed fifty-fifth session), the decisions of the Council were not numbered. From 1974 to 1977 (up to and including the resumed sixty-third session), the decisions were numbered consecutively and were identified by an Arabic numeral followed by an indication of the session in parentheses (for example: decision 64 (ORG-75), decision 78 (LVIII), adopted at the organizational session for 1975 and the fifty-eighth session, respectively). The last decision so numbered is decision 293 (LXIII), of 2 December 1977.

Since 1978, as part of the new system adopted for symbols of Council documents, the decisions have been numbered on a yearly basis and identified by two Arabic numerals separated by an oblique stroke, the first numeral indicating the year, the second the number of the decision in the annual series (for example: decision 1990/224).

In 1996, the resolutions and decisions adopted by the Council are being published in Official Records of the Economic and Social Council, 1996, Supplement No. 1.

1996/2. Follow-up to the International Conference on Population and Development

The Economic and Social Council,

Bearing in mind the results of the International Conference on Population and Development and the adoption of the Programme of Action of the Conference,5 and taking into account General Assembly resolution 49/128 of 19 December 1994 on the report of the Conference, as well as Assembly resolution 50/124 of 20 December 1995 and Economic and Social Council resolution 1995/55 of 28 July 1995 on the implementation of the Programme of Action of the Conference,

Having reviewed the report of the Commission on Population and Development on its twenty-ninth session,6

Recalling the terms of reference and multi-year work programme of the Commission, endorsed by the Council in its resolution 1995/55,

1. Stresses the need for all the reports prepared as part of the multi-year work programme of the Commission on Population and Development to be based on comprehensive and reliable information, for the final version of the reports to take fully into account the observations of the Commission and for the reports to be widely disseminated in accordance with the terms of reference of the Commission;

2. Also stresses the need to ensure that the deliberations of the Commission fully reflect its updated and enhanced mandate, taking into account the integrated, multidisciplinary and comprehensive approach of the Programme of Action of the International Conference on Population and Development;

3. Welcomes the newly constituted Task Force on Basic Social Services for All of the Administrative Committee on Coordination, under the current chairmanship of the United Nations Population Fund, and requests the Task Force to make appropriate arrangements to ensure coordination, collaboration and harmonization in the implementation of all aspects of the Programme of Action of the Conference, as decided by the Commission at its twenty-eighth session, and to continue to report thereon to the Commission;

4. Requests that a revised version of the report of the Secretary-General relating to the activities of the non-governmental sector in the area of reproductive rights and reproductive health be submitted to the Commission at its thirty-first session, in 1998, based on a more comprehensive survey of the sector and a clearer explanation of the selection criteria and categorization of the organizations consulted, and incorporating examples of cooperation between Governments and non-governmental organizations, in both developing and developed countries;

5. Decides to invite non-governmental organizations to participate, on an exceptional basis, in the thirtieth session of the Commission, in 1997, along the lines specified in Economic and Social Council decision 1996/208 of 9 February 1996;

6. Requests the Secretary-General to make appropriate arrangements for liaison between non-governmental organizations and the Commission and to ensure that existing channels of communication with non-governmental organizations are fully utilized in order to facilitate broad-based participation and dissemination of information;

7. Requests improved annual reporting on financial flows, including allocations/expenditures, based on consistent criteria and related to the costed elements of the Programme of Action of the Conference, including a clear account of levels and trends of funding by source (bilateral sources, multilateral sources (both core and non-core) and private funds, domestic allocations and the like);

8. Encourages the widest possible dissemination of reports on progress in implementing the Programme of Action of the Conference prepared by the organizations and bodies of the United Nations system, including, wherever possible, their dissemination through electronic channels of communication, and welcomes the intention of the United Nations Population Fund to report on implementation in its annual publication The State of World Population Report;

9. Proposes that, in addition to their special coverage in the World Population Monitoring reports, main demographic trends be covered biennially, starting in 1997, in a complementary concise report prepared by the Population Division of the Department for Economic and Social Information and Policy Analysis of the Secretariat, to be discussed under the agenda item concerning the work programme of the Division;

10. Emphasizes the importance of information, education and communication as a strategy for furthering follow-up action on the International Conference on Population and Development, particularly in the areas of reproductive rights and reproductive health, and urges the Population Division to highlight the efforts of Governments in this regard in relevant reports prepared for the Commission;

11. Welcomes the encouraging evidence of actions being undertaken by Governments, international organizations and the non-governmental sector in response to the challenges of the Programme of Action of the Conference related to reproductive rights and reproductive health, and stresses the need for such action to be accelerated and widened, in particular the need to mobilize additional financial resources, as called for in the Programme of Action;

12. Requests the Task Force on Basic Social Services for All to coordinate the development of appropriate indicators, taking into account relevant research, so that progress in addressing reproductive health needs by individual countries can be assessed on a reliable basis;

13. Requests that evidence of further progress in achieving the goals of the Programme of Action of the Conference be communicated to the Commission on an annual basis through selected publications and documentation prepared by the Secretariat, including the Population Division, as well as publications and documentation prepared by other United Nations bodies, including the United Nations Population Fund, the regional commissions and the specialized agencies.

1996/12. Elimination of violence against women

The Economic and Social Council,

Welcoming the proclamation by the General Assembly, in its resolution 48/104 of 20 December 1993, of the Declaration on the Elimination of Violence against Women, and recalling the definition of violence against women contained in articles 1 and 2 of the Declaration,

Reaffirming the Vienna Declaration and Programme of Action37 adopted by the World Conference on Human Rights, held at Vienna from 14 to 25 June 1993, and its confirmation that the human rights of women and of the girl child are an inalienable, integral and indivisible part of universal human rights, as well as its affirmation that gender-based violence and all forms of sexual harassment and exploitation are

37 A/CONF.157/24 (Part I), chap. III.
incompatible with the dignity and worth of the human person and must be eliminated,

Recognizing that violence against women both violates human rights and fundamental freedoms and impairs or nullifies the enjoyment by women of those rights and freedoms, and concerned about the long-standing failure to protect and promote those rights and freedoms,

Strongly condemning all forms of violence against women as set out in article 2 of the Declaration on the Elimination of Violence against Women,

Recognizing that the effective implementation of the Convention on the Elimination of All Forms of Discrimination against Women, adopted by the General Assembly in its resolution 34/180 of 18 December 1979, contributes to the elimination of violence against women and that the Declaration strengthens and complements that process,

Bear in mind that, as stated in article 4 of the Declaration on the Elimination of Violence against Women, States should not invoke any custom, tradition or religious consideration to avoid their obligations with respect to the elimination of violence against women,

Recalling that the General Assembly, in its resolution 48/104, recognized that violence against women was a manifestation of historically unequal power relations between men and women which had led to domination over and discrimination against women by men and to the prevention of the full advancement of women and that violence against women was one of the crucial social mechanisms by which women were forced into a subordinate position compared with men,

Welcoming the adoption by the General Assembly of resolution 50/166 of 22 December 1995 on the role of the United Nations Development Fund for Women in eliminating violence against women,

Recalling the appointment by the Commission on Human Rights of the Special Rapporteur on violence against women, its causes and consequences, and the conclusions and recommendations of the Special Rapporteur that States have an affirmative duty to promote and protect the human rights of women and must exercise due diligence to prevent violence against women, as outlined in Commission on Human Rights resolution 1996/49,

Also recalling the statement of the Special Rapporteur that pornography is perhaps the extreme manifestation of the media's violence against women,\(^{30}\)

Commending the Crime Prevention and Criminal Justice Division of the Secretariat for its work on the elimination of violence against women and its ongoing cooperation with the Special Rapporteur,

Welcoming the Beijing Declaration\(^{21}\) and the Platform for Action,\(^{14}\) adopted by the Fourth World Conference on Women and, in particular, the determination of Governments to prevent and eliminate all forms of violence against women and girls, including in armed conflict,

Recognizing the need to implement the Beijing Declaration and Platform for Action in the field of crime prevention and criminal justice and to develop practical measures, strategies and activities in that field,

Reaffirming that rape in the conduct of armed conflict constitutes a war crime and that under certain circumstances it constitutes a crime against humanity and an act of genocide as defined in the Convention on the Prevention and Punishment of the Crime of Genocide,\(^{41}\)

Expressing deep concern about the high social, health and economic costs to the individual and society that are associated with violence against women,

Bear in mind that criminal justice agencies should work closely with practitioners in other sectors, including health, social services and education, and with members of the community to address the problem of violence against women,

Recognizing that various groups of women, such as women belonging to minority groups, indigenous women, refugee women, women migrants, including women migrant workers, women in poverty living in rural or remote communities, destitute women, women in institutions or in detention, female children, women with disabilities, elderly women, displaced women, repatriated women, women living in poverty and women in situations of armed conflict and other situations of violence, foreign occupation, war of aggression, civil war and terrorism, including hostage-taking, are also particularly vulnerable to violence,

Welcoming the role of non-governmental organizations, women's equality-seeking organizations and community agencies in addressing and working towards the elimination of violence against women, in particular in drawing attention to the nature, severity and magnitude of violence against women and in assisting women who are victims of violence,

1. Urges Member States to ensure that all forms of violence against women are, in the absence of existing laws, legislatively proscribed;

\(^{41}\) General Assembly resolution 260 A (III), annex.
2. Also urges Member States to review or monitor legislation and legal principles, procedures, policies and practices relating to criminal matters, in a manner consistent with their local systems, to determine if they have an adverse or negative impact on women and, if they have such an impact, to modify them in order to ensure that women are treated fairly by the criminal justice system;

3. Further urges Member States to undertake strategies, develop policies and disseminate materials to promote women's safety in the home and in society at large, including specific crime prevention strategies that reflect the realities of women's lives and address their distinct needs in areas such as social development, environmental design and educational programmes in crime prevention;

4. Urges Member States to promote an active and visible policy of ensuring that a gender perspective is brought to the development and application of all policies and programmes that address violence against women so that, before decisions are taken, an analysis may be made of their effects on women and men, respectively;

5. Also urges Member States to adopt measures to ensure that acts of violence against women, whether in public or private, are recognized as criminal matters that are, as appropriate, open to public scrutiny and intervention;

6. Further urges Member States and international and regional organizations to take all measures required for the protection of women and children from rape, systematic rape, sexual slavery and forced pregnancy in the conduct of armed conflict and to strengthen mechanisms to investigate and punish all those responsible for the perpetration of such crimes and to bring the perpetrators to justice;

7. Encourages the Crime Prevention and Criminal Justice Division of the Secretariat and other crime prevention bodies and mechanisms to avail themselves of the information and materials on violence against women, including violence in the family, violence in the community and violence by the State that are being gathered by Governments and United Nations treaty bodies, other special rapporteurs, the specialized agencies, bodies and organs, and intergovernmental and non-governmental organizations, including women's equality-seeking organizations;

8. Calls upon the Commission on Crime Prevention and Criminal Justice, through the Crime Prevention and Criminal Justice Division and the institutes comprising the United Nations Crime Prevention and Criminal Justice Programme network, to coordinate with all relevant organs, bodies and other entities of the United Nations system their activities on issues relating to violence against women and to the removal of gender bias in the administration of criminal justice;

9. Calls upon the institutes comprising the Programme network to consolidate and disseminate information on successful intervention models and preventive programmes at the national level;

10. Urges United Nations entities and the institutes comprising the Programme network to continue and to improve training concerning the human rights of women and issues of gender bias and violence against women for all United Nations personnel and officials, especially those in human rights and humanitarian relief, peacekeeping and peacemaking activities, and to promote their understanding of the human rights of women so that they can recognize and deal with violations of the human rights of women and can fully take into account the gender aspect of their work;

11. Requests the Commission on Crime Prevention and Criminal Justice to ensure that Strategies for Confronting Domestic Violence: A Resource Manual, which has been published in English, is published in the other official languages of the United Nations, subject to the availability of regular budgetary or extrabudgetary funds;

12. Calls upon Governments, international organizations and non-governmental organizations, as appropriate, to translate Strategies for Confronting Domestic Violence: A Resource Manual and to ensure its wide dissemination for use in training and education programmes;

13. Welcomes the report of the Secretary-General on practical measures in the field of crime prevention and criminal justice to eliminate violence against women, commends the work of the institutes comprising the United Nations Programme network in undertaking practical measures to eliminate violence against women, and urges them to continue their work on this issue;

14. Welcomes the report of the Secretary-General on the draft plan of action on the elimination of violence against women and takes note of the revised document prepared by the Commission on Crime Prevention and Criminal Justice at its fifth session, entitled "Practical measures, strategies and activities in the field of crime prevention and criminal justice for the elimination of violence against women", requests the Secretary-General to seek the views of Member States, institutes comprising the United Nations Crime Prevention and Criminal Justice Programme network, relevant United Nations entities and intergovernmental and non-governmental organizations, on the draft practical measures, strategies and activities in the field of crime prevention and criminal justice for the elimination of violence against women and, taking into account the views received, to submit a report containing the text of the draft practical measures, strategies and activities, as well as a report on the views received, to the Commission on Crime Prevention and Criminal Justice at its sixth session so that it may be discussed by the open-ended in-sessional working group of the Commission;

16. Calls upon Member States, in providing their views, as noted in paragraph 15 above, to include the multidisciplinary views of their ministries, departments and agencies that have responsibilities related to the elimination of violence against women;

17. Decides that the Commission on Crime Prevention and Criminal Justice should continue to consider the elimination of violence against women within its priority themes and that the Commission should consider, at its sixth session, the reports of the Secretary-General referred to in paragraph 15 above and the draft practical measures, strategies and activities in the field of crime prevention and criminal justice for the elimination of violence against women.

7. Urges Member States in which the death penalty may be carried out to effectively apply the Standard Minimum Rules for the Treatment of Prisoners, in order to keep to a minimum the suffering of prisoners under sentence of death and to avoid any exacerbation of such suffering.

Special session of the General Assembly devoted to the combat against the illicit production, sale, demand, traffic and distribution of narcotic drugs and psychotropic substances and related activities

The Economic and Social Council,

Recalling Commission on Narcotic Drugs resolution 13 (XXXVIII) of 23 March 1995,\(^66\) in which the Commission decided to keep under consideration the proposal for the convening of an international conference to review progress made by Governments and the United Nations system in combating drug abuse and illicit trafficking,

Recalling its resolution 1995/40 of 27 July 1995, in which it recommended that the General Assembly and the Commission give priority consideration to the proposal to convene an international conference for the purpose of evaluating the international situation and the status of international cooperation against the illicit production, sale, demand, traffic and distribution of narcotic drugs and psychotropic substances and related activities,

Taking into account General Assembly resolution 50/148 of 21 December 1995, in section IV of which the Assembly requested the Commission on Narcotic Drugs to discuss the proposal to hold a second international conference on drug abuse and illicit trafficking fully, as a matter of priority, at its thirty-ninth session, and to present its conclusions and suggestions through the Economic and Social Council to the Assembly at its fifty-first session,

Having considered the report of the Executive Director of the United Nations International Drug Control Programme containing recommendations regarding the implementation by the Commission of General Assembly resolution 48/12 of 28 October 1993,\(^67\) as requested in paragraph 7 of its resolution 13 (XXXVIII),

Having considered drug-control issues at its high-level segment of 1996 and having stressed the need for the United Nations International Drug Control Programme to take a leadership role in reaffirming the political commitment to the present resolution, Conscious of the role of the Commission on Narcotic Drugs as the principal United Nations policy-making body on drug-control issues,

Reaffirming the leadership role of the Programme as the main focus for concerted international action for drug abuse control and as international coordinator for drug-control activities, especially within the United Nations system,

Fully sharing the deep concern expressed by the General Assembly in its resolution 50/148 about the magnitude of the rising trend in all manifestations of the drug problem despite the efforts of the international community,

Noting that in resolution 50/148 the General Assembly once again renewed its commitment to further strengthening international cooperation and substantially increasing efforts against the illicit production, sale, demand, traffic and distribution of narcotic drugs and psychotropic substances, based on the principle of shared responsibility and taking into account the experience gained,

Noting with satisfaction the support expressed in several regional and international conferences and meetings for the convening of an international conference to strengthen international cooperation against the scourge of drug abuse and illicit trafficking,

Taking into account the opinions expressed by different Governments regarding the proposal to convene an international conference for that purpose,

Fully taking into account the fact that the General Assembly, in its resolution 50/148, stressed, inter alia, that when considering the proposal for holding an international conference, the Commission should take into account international drug-control priorities as well as ways and means to increase the implementation of existing international conventions and other international instruments for cooperation on drug control,

Stressing the importance of the General Assembly as the most democratic and representative organ of the United Nations, and, in this context, of the role that it is called upon to play in addressing global and interdependent questions of universal concern,

Convinced that the holding of a special session of the General Assembly devoted to the strengthening of international cooperation against the illicit production, sale, demand, traffic and distribution of narcotic drugs and psychotropic substances and related activities could make a significant contribution to the effectiveness of the actions of the United Nations and its Member States in the fight against this global threat,

1. Decides to recommend that the General Assembly convene a special session in order to consider the fight against the illicit production, sale, demand, traffic and distribution of narcotic drugs and psychotropic substances and related activities, and to propose new strategies, methods, practical activities and specific measures to strengthen international cooperation in addressing the problem of illicit drugs;

2. Recommends that the General Assembly, at its special session devoted to assessing the existing situation, within the framework of a comprehensive and balanced approach that includes all aspects of the problem, with a view to strengthening international cooperation to address the problem of illicit drugs, and within the framework of the

1996/18. \textbf{Draft declaration on the guiding principles of demand reduction}

\textbf{The Economic and Social Council},

\textit{Recalling} its resolution 1995/16 of 24 July 1995 on the integration of demand reduction initiatives into a cohesive strategy to combat drug abuse,

\textit{Recalling} the Comprehensive Multidisciplinary Outline of Future Activities in Drug Abuse Control adopted by the International Conference on Drug Abuse and Illicit Trafficking,\textsuperscript{68} and its resolution 1991/46 of 21 June 1991,

\textit{Acknowledging} the Political Declaration and Global Programme of Action adopted by the General Assembly at its seventeenth special session,\textsuperscript{69} on 23 February 1990,

\textit{Reaffirming} the importance of its resolution 1993/35 of 27 July 1993 on demand reduction as part of balanced national strategic plans to combat drug abuse and the need to ensure its implementation,

\textsuperscript{69} General Assembly resolution S-17/2, annex.
Recognizing that demand reduction encompasses prevention, treatment and rehabilitation, as well as social reintegration,

Believing that optimum effectiveness in drug abuse control would best be achieved through a balanced approach, applying the appropriate emphasis and resources to initiatives involving both demand and supply reduction and integrating such initiatives into a cohesive and comprehensive strategy,

Also believing that effectiveness in combating drug abuse is enhanced by cooperation and the combined efforts of all sectors of society, including those of voluntary and non-governmental organizations,

1996/19. Demand for and supply of opiates for medical and scientific needs

The Economic and Social Council,

Emphasizing that the need to balance the global licit supply of opiates against the legitimate demand for opiates for medical and scientific purposes is central to the international strategy and policy of drug abuse control,

Noting the fundamental need for international cooperation and solidarity with the traditional supplier countries in drug-abuse control in general and in the universal application of the provisions of the Single Convention on Narcotic Drugs of 1961 in particular,

Having considered the Report of the International Narcotics Control Board for 1995, in which it is stated that in 1994 global consumption of opiates exceeded the production of opiate raw materials, and that in 1995 increased licit production in the two traditional producing countries, India and Turkey, maintained, together with the other producing countries, the balance between supply and demand,

Noting the importance of opiates in pain relief therapy as advocated by the World Health Organization,

1. Urges all Governments to continue contributing to the maintenance of a balance between the licit supply of and demand for opiates for medical and scientific needs, the achievement of which would be facilitated by maintaining, in so far as their constitutional and legal systems permit, support to the traditional supplier countries, and to cooperate in preventing the proliferation of sources of production and manufacture for export;

2. Urges Governments of all producing countries to adhere strictly to the provisions of the Single Convention on Narcotic Drugs of 1961 and to take effective measures to prevent licit production or diversion of opiate raw materials to illicit channels;

3. Urges consumer countries to assess and communicate to the International Narcotics Control Board their real needs for opiates to ensure easy supply;

4. Commends the International Narcotics Control Board for its efforts in monitoring the implementation of the relevant resolutions of the Economic and Social Council and, in particular:

(a) In urging the Governments concerned to adjust global production of opiate raw materials to a level corresponding to the actual licit needs and to avoid any proliferation of production;

(b) In convening meetings during sessions of the Commission on Narcotic Drugs to enable the main States importing and producing opiate raw materials to discuss maintaining a balance between licit demand for and supply of opiates;

5. Requests the Secretary-General to transmit the present resolution to all Governments for consideration and implementation.

1996/20. Strengthening of the role of the International Narcotics Control Board and development of a unified information system for the collection and analysis of data concerning the nature, patterns and trends of the global problem of drug abuse

The Economic and Social Council,

Reaffirming the global nature of the problem of drug abuse and the principles of shared responsibility and solidarity accepted by the international community that have characterized the action taken by the United Nations to deal with that problem,

Reaffirming also the principles of sovereignty, equality of States, non-intervention in internal affairs and territorial integrity as the basis for individual and collective action to deal with drug abuse,

Taking into account that, in order to achieve the objectives of the international drug control treaties, there must be effective international cooperation between countries in combating the illicit consumption, production, traffic and distribution and in controlling the licit manufacture and marketing of narcotic drugs, psychotropic substances and precursors, as well as in preventing their diversion,

Concerned about the increasing magnitude and extent of the drug problem worldwide and the fact that the international community needs a comprehensive, dynamic and continuously updated statistical system which would enable it to monitor global illicit demand, supply, traffic and distribution of drugs, whether of plant origin or synthetic, and the diversion of chemical substances that are frequently used in the illicit manufacture of such drugs, as well as the trends in, and evolution of, the situation, and which would assist the International Narcotics Control Board and the United Nations International Drug Control Programme in their periodic analysis of the problem and in preparing recommendations,

Considering that, in the context of the globalization of the drug problem and the principle of shared responsibility, the International Narcotics Control Board is the competent independent international authority, as specified in the international drug control treaties, for the evaluation, in an objective and balanced manner, of the efforts of States to facilitate the consolidation of a worldwide policy on drug control and the development of effective international cooperation,

Acknowledging the fundamental role of the Board as the control organ, recognized as such by the international community, for restricting the cultivation, production, manufacture and use of narcotic drugs and psychotropic substances to medical and scientific needs and also for preventing the illicit cultivation, production, manufacture, traffic and use of such substances, in accordance with the Convention on Psychotropic Substances of 1971,\(^22\) the Single Convention on Narcotic Drugs of 1961,\(^29\) as amended by the 1972 Protocol,\(^31\) the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988\(^33\) and other relevant instruments,

Highlighting the work done by the Board to achieve the objectives set out in the international drug control treaties, by indicating the gaps and deficiencies in the control system and recommending solutions to improve control nationally and internationally, including the strengthening of international cooperation,

1. Encourages the International Narcotics Control Board to continue to ensure the more effective implementation of the international drug control treaties, and in so doing, to evaluate the global drug problem and to cooperate with Governments in an ongoing dialogue;

2. Invites the Board, when monitoring the implementation of the international drug control conventions, also to take into account the related elements of the Global Programme of Action adopted by the General Assembly at its seventeenth special session,\(^69\) on 23 February 1990;

3. Requests States that have not already done so to accede to the international drug control treaties and to adopt the necessary measures to ensure their implementation and the strengthening of international cooperation;

4. Encourages the Executive Director of the United Nations International Drug Control Programme to support the Board in its efforts to hold periodic consultations with Governments and to provide the Board with information on progress achieved and deficiencies noted in programmes to

reduce the illicit demand for and supply of narcotic drugs and psychotropic substances, as well as in control measures governing their transit, in order to focus efforts and to promote the development of a more effective global drug-control strategy;

5. Requests the Executive Director to report to the Commission on Narcotic Drugs at its fortieth session on current efforts to collect and analyse information on the nature and patterns of, and trends in the illicit consumption, cultivation, manufacture, traffic and distribution of drugs, whether of natural or synthetic origin, to improve the formulation of prevention and control policies both nationally and internationally in those fields, to enhance public awareness of the international drug control situation and to ensure that the activities of the Programme are based on comprehensive and relevant information and knowledge, with a view to unifying and simplifying the collection system for use by the Governments and the Programme, including the Board;

6. Also requests the Executive Director, when presenting the report referred to in paragraph 5 above, to take into account the experience gained by other information networks and the knowledge developed in this field by other international agencies and governmental and non-governmental organizations;

7. Further requests the Executive Director, in consultation with the Board, to present the information needs of the Programme, including the Board, to the Commission at its fortieth session;

8. Encourages the Board to intensify its programme of country missions, the objective of which is to monitor the implementation of the international drug control conventions, with the agreement of Governments, in order to gain a more comprehensive and direct awareness of the drug-control policies and programmes being carried out in the countries concerned, as well as to improve consultation with the national drug control authorities;

9. Requests the General Assembly to allocate sufficient resources, within the regular budget, to enable the Board to carry out the functions assigned to it, in accordance with the international drug control conventions;

Considering that illicit international trafficking in children is a criminal activity of increasing concern to the

international community and a violation of the Convention on the Rights of the Child,\textsuperscript{30} article 35,

\textit{Aware} that this activity is often conducted by criminal organizations with transnational links, principally in developing countries,

\textit{Taking note} of resolution 3/2 of 6 May 1994 of the Commission on Crime Prevention and Criminal Justice,\textsuperscript{31} in which the Commission decided that it should consider, at its fourth session, the question of illicit international trafficking in children in the context of its discussion on organized transnational crime,

\textit{Recalling} that the Ninth United Nations Congress on the Prevention of Crime and the Treatment of Offenders, held at Cairo from 29 April to 8 May 1995, at which this subject received priority attention, adopted resolution 7 of 7 May 1995,\textsuperscript{46} in which it invited the Commission to initiate the process of requesting the views of States regarding the process of elaborating an international convention on the illicit trafficking in children, which might embody necessary elements to efficiently combat that form of transnational organized crime,

\textit{Recalling also} its resolution 1995/27 of 24 July 1995, section IV. B, in which it requested the Secretary-General to initiate the process of requesting the views of Member States on the elaboration of such an international convention,

\textit{Aware} that it is necessary, in order to deal more rationally and effectively with the illicit international trafficking in children and to effectively coordinate activities across the United Nations system and among other relevant international organizations, to establish a global framework for analysis of such transnational criminal activity and for coordinating appropriate measures to prevent this scourge and to punish the offenders,

\textit{Welcoming} the initiative of the Latin American and Caribbean States which took part in the Regional Ministerial Workshop on Follow-up to the Naples Political Declaration and Global Action Plan against Organized Transnational Crime, held at Buenos Aires from 27 to 30 November 1995,\textsuperscript{52} with regard to the illicit international trafficking in children,

\textit{Welcoming also} the initiative of convening the World Congress against Commercial Sexual Exploitation of Children, to be held at Stockholm from 26 to 31 August 1996, which has among its key themes the issue of illicit trafficking in children,

\textit{Aware} that it is necessary to adopt practical measures to combat this form of organized transnational crime,

1. \textit{Takes note} of the report of the Secretary-General on children as victims and perpetrators of crime, in particular the views of Governments on the elaboration of an international convention on the illicit trafficking in children and the proposals contained in that report;\textsuperscript{83}

2. \textit{Invites} interested Governments fighting illicit trafficking in children to collect, wherever possible, data and other information on the problem in accordance with national legislation, and to furnish that information to the Commission on Crime Prevention and Criminal Justice;

3. \textit{Requests} Member States to provide information on current legal provisions and administrative rules applicable to the prevention and punishment of illicit trafficking in children, and on the misuse of international adoption agencies by criminal organizations involved in illicit trafficking in children that may have been uncovered by the relevant authorities;

4. \textit{Invites} Governments to adopt the necessary measures in accordance with their legislation to ensure that all persons involved in illicit trafficking in children are subject to prosecution in a manner commensurate with the seriousness of the crime;

5. \textit{Invites} the Crime Prevention and Criminal Justice Division of the Secretariat to cooperate closely with the Centre for Human Rights of the Secretariat;

6. \textit{Also invites} the Crime Prevention and Criminal Justice Division to work and cooperate closely with the Special Rapporteur of the Commission on Human Rights on the sale of children, child prostitution and child pornography, taking into account her role in the inter-sessional open-ended working group for the elaboration of a draft protocol to the Convention on the Rights of the Child on the sale of children, child prostitution and child pornography;

7. \textit{Decides} that the Commission on Crime Prevention and Criminal Justice should include in the provisional agenda for its sixth session an item on the possible elaboration of a legally binding international instrument or instruments on the illicit trafficking in children;

8. \textit{Requests} the Secretary-General to continue to gather the opinions of Governments on the elaboration of an international convention or conventions on the illicit trafficking in children and their suggestions on possible elements to be included in the text of a future binding instrument or instruments on that subject;

9. \textit{Also requests} the Secretary-General to conduct a survey, on the basis of existing international conventions, analysing the extent to which children are protected from becoming victims of illicit international trafficking, taking into account both substantive and procedural aspects of providing such protection, and to compile and analyse the data collected;

10. \textit{Further requests} the Secretary-General to prepare a report on the results of the survey mentioned in paragraph 9

47th plenary meeting 24 July 1996

The Economic and Social Council,

Recalling General Assembly resolution 49/159 of 23 December 1994, in which the Assembly approved the Naples Political Declaration and Global Action Plan against Organized Transnational Crime and urged States to implement them as a matter of urgency,

Recalling also its resolution 1995/11 of 24 July 1995 on the implementation of the Naples Political Declaration and Global Action Plan against Organized Transnational Crime,

Recalling further its resolution 1994/13 of 25 July 1994 on the control of the proceeds of crime,

Welcoming Commission on Narcotic Drugs resolution 5 (XXXIX) of 24 April 1996,

Emphasizing the need for strengthened and improved international cooperation at all levels and for more effective technical cooperation to assist States in their fight against organized transnational crime,

Aware that criminal organizations vary in size, scale, bonding mechanisms, their range of activities, their geographical scope, their relationship with power structures, their internal organizations and structures and the combination of instruments that they use both to promote their criminal enterprises and to protect themselves against law enforcement efforts,

Recalling that, while not constituting a legal or comprehensive definition of the phenomenon, organized transnational crime characteristically uses group organizations to commit crime, has hierarchical links or personal relationships that permit leaders to control the group, uses violence, intimidation and corruption to earn profit or control territories or markets, launder illicit proceeds both to further criminal activity and to infiltrate the legitimate economy, has the potential to expand into new activities and beyond national borders and cooperates with other organized transnational criminal groups,

Convinced that a structured programme of activities is essential to the full implementation of the Naples Political Declaration and Global Action Plan,

1. Takes note of the report of the Secretary-General on the implementation of the Naples Political Declaration and Global Action Plan against Organized Transnational Crime;\(^56\)

2. Takes note also of the Buenos Aires Declaration on Prevention and Control of Organized Transnational Crime,\(^57\) adopted by the Regional Ministerial Workshop on Follow-up to the Naples Political Declaration and Global Action Plan against Organized Transnational Crime, held at Buenos Aires from 27 to 30 November 1995;

3. Takes note further of the report of the Secretary-General on control of the proceeds of crime;\(^58\)

4. Requests the Secretary-General, taking into account work done in other international forums, to assist in the implementation of the Naples Political Declaration and Global Action Plan to meet the needs of Member States for:

(a) Increased knowledge on the structure and dynamics of organized transnational crime in all its forms, as well as trends in its development, areas of activity and diversification, taking into account the growing dangers of links between organized transnational crime and terrorist crimes;

(b) Reviewing existing international instruments and exploring the possibility of elaborating new ones to strengthen and improve international cooperation against organized transnational crime;

(c) Intensified technical assistance in the form of advisory services and training;

5. Requests the Secretary-General to continue collecting and analysing information on the structure, dynamics and other aspects of all forms of organized transnational crime throughout the world;

6. Also requests the Secretary-General, while avoiding duplication of the work of the United Nations International Drug Control Programme, to establish a central repository for:

(a) National legislation, including regulatory measures, on organized transnational crime;

(b) Information on organizational structures designed to combat organized transnational crime;

(c) Instruments for international cooperation, including bilateral and multilateral treaties and legislation to ensure their implementation, with a view to making them available to requesting Member States;

\(^{57}\) E/CN.15/1996/2/Add.1, annex.

7. Urges Member States, other entities of the United Nations system and relevant intergovernmental and non-governmental organizations to assist the Secretary-General in implementing the request contained in paragraphs 4 to 6 above by providing and regularly updating relevant information and legislative and regulatory texts;

8. Requests the Secretary-General to continue his consultations with Governments on the possibility of elaborating a convention or conventions against organized transnational crime and on the elements that could be included therein;

9. Also requests the Secretary-General, drawing on the expertise of Governments:

(a) To make a thorough analysis of the views of Governments on the possibility of elaborating a convention or conventions against organized transnational crime, taking into account, inter alia, the Buenos Aires Declaration on Prevention and Control of Organized Transnational Crime;

(b) To make proposals on the action that would be appropriate;

(c) To make proposals for the undertaking of practical activities by States to implement the Naples Political Declaration and Global Action Plan;

(d) To report thereon to the Commission on Crime Prevention and Criminal Justice at its sixth session;

10. Decides that the Commission should establish an inter-sessional open-ended working group at its sixth session for the purpose of:

(a) Considering the report and proposals of the Secretary-General;

(b) Identifying practical activities for effectively implementing the Naples Political Declaration and Global Action Plan;

(c) Considering the possibility of elaborating a convention or conventions against organized transnational crime and identifying elements that could be included therein;

11. Requests the Secretary-General to provide advisory services and technical assistance to requesting Member States in needs assessment, capacity-building and training, as well as in the implementation of the Naples Political Declaration and Global Action Plan;

12. Further requests the Secretary-General, for the purpose of providing the assistance referred to in paragraph 11 above, to develop training manuals for specialized law enforcement and investigative personnel on action against organized transnational crime, taking into account differences in legal systems;

13. Stresses the importance of the activities carried out by the United Nations to strengthen international efforts against money laundering, including, where possible, money laundering involving the proceeds of serious crimes other than drug-related crimes and, for this purpose, requests the Secretary-General to increase and intensify cooperation between the Crime Prevention and Criminal Justice Division of the Secretariat and the United Nations International Drug Control Programme and to continue to work with the Financial Action Task Force and other relevant multilateral and regional institutions against money laundering;

14. Requests the Secretary-General to report to the Commission on Crime Prevention and Criminal Justice on the implementation of the present resolution.

Mindful of the need for effective implementation of those resolutions,

Taking note with satisfaction of the report of the Secretary-General on measures to regulate firearms,89

1. Welcomes the progress made by the Secretary-General in undertaking the study on regulating firearms in response to its resolution 1995/27, section IV. A, drawing upon the work of an advisory group;

2. Endorses the questionnaire and guidelines90 for the preparation of the survey and country reports on firearms regulation issues presented by the Secretary-General;

4. Requests the Secretary-General to collect information and consult with Member States, as appropriate, on the basis of the above-mentioned questionnaire and guidelines, and to analyse the information obtained in order to contribute to the preparation of additional survey and country reports as requested in paragraph 3 above;

47th plenary meeting 24 July 1996

1996/29. Action to strengthen international cooperation to control precursors and their substitutes used in the illicit manufacture of controlled substances, in particular amphetamine-type stimulants, and to prevent their diversion

The Economic and Social Council,

Deeply concerned about the economic and social consequences of the rapid and widespread increase in illicit manufacturing, trafficking and use of amphetamine-type stimulants throughout the world,

Concerned about the continued availability of chemicals listed in tables I and II of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 198892 to drug traffickers for use in the illicit clandestine production of controlled substances,

Alarmed that in some cases traffickers have swiftly and successfully sought un-scheduled substitute chemicals for those scheduled chemicals that have become more scarce as a result of international control,

Concerned that clandestine laboratory operators are seeking international sources for substances listed in table I of the 1988 Convention, which are often contained in tablets and capsules, thus undermining the effectiveness of international controls of those products and thwarting the goals of article 12 of the Convention and of the international community,

Dismayed that despite concerted international control efforts, listed chemicals continue to be accessible to traffickers through the activities of producers of illicit drugs or unscrupulous brokers and intermediaries, who facilitate trade but are not themselves end-users,

Aware that many Governments lack adequate resources to enable them to conduct the in-depth investigations that may be needed to determine the legitimate need for an intended export or import of a listed chemical,

Aware of the progress in control of chemical shipments resulting from cooperation between competent national authorities in a number of countries, and with the assistance of the International Narcotics Control Board,

Recognizing the need for the international community to strengthen countermeasures against the illicit manufacturing, trafficking and use of amphetamine-type stimulants and their precursors,

Noting with appreciation the results of the expert forum on amphetamine-type stimulants held at Vienna from 12 to 16 February 1996;92

Recognizing the important role of the Board in monitoring and facilitating implementation of the measures to strengthen international cooperation to prevent diversion of substances listed in table I of the 1988 Convention and used in the illicit manufacture of stimulants and other psychotropic substances, as detailed in its resolution 1995/20 of 24 July 1995,

Recalling its resolution 1995/20,

Realizing that it may not be practical to schedule all chemicals and substances used to produce illicit drugs,

I

SPECIAL SURVEILLANCE OF SCHEDULED AND NON-SCHEDULED SUBSTANCES

1. Calls upon all States parties to the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988 to enact any legislation necessary to provide their competent authorities with the legal basis fully to implement the chemical controls required or recommended by the Convention and all related resolutions;

2. **Calls upon** the United Nations International Drug Control Programme and the International Narcotics Control Board, drawing upon the expertise of competent national authorities as needed, to establish a limited international special surveillance list of non-scheduled substances for which substantial information exists of their use in illicit drug trafficking, in order to allow, according to the nature and trade patterns of each product, for appropriate measures to prevent use by traffickers of those substances;

3. ** Urges all States parties to the 1988 Convention to establish arrangements, whether voluntary, administrative or legislative, whereby their domestic exporters, importers and distributors of the chemicals and substances included in the special surveillance list will report suspicious orders or thefts of such chemicals and cooperate with national enforcement and control authorities with regard to those chemicals and substances;**

4. **Urges States parties to the 1988 Convention, subject to their legal provisions, to take civil, criminal or administrative action, as appropriate, against suppliers of scheduled substances or, where possible, substances included in the special surveillance list for failure to cooperate with the authorities with regard to those substances;**

5. **Strongly urges States that export scheduled chemicals not to permit exports of such chemicals listed in tables I and II of the 1988 Convention in sensitive cases which may be identified by the Board, or to brokers or intermediaries who facilitate trade, but are not themselves end-users, unless prior identification of any genuine consignee and such inquiries as may be appropriate are also made;**

6. **Further urges States, in accordance with their legal provisions, not to permit the importation of chemicals listed in tables I and II of the 1988 Convention where a risk of diversion exists, until evidence establishes the legitimacy of the importer and the purpose of the chemical import;**

7. **Urges States, except in cases where a known risk of diversion exists, and prior to permitting the importation of chemicals listed in tables I and II of the 1988 Convention, to require, in accordance with their legal provisions, evidence of legitimacy of importers and domestic distributors of those chemicals which are intended for subsequent sale or delivery to bulk domestic distributors;**

8. **Urges Governments to consider ways of reinforcing international cooperation, including, where appropriate, bilateral and multilateral arrangements or agreements against the diversion of scheduled substances and their substitutes;**

9. **Invites Governments that have not yet done so to designate, as a matter of priority, authorities competent for the control of scheduled substances, to inform the Secretary-General that they have taken such action and to enhance the establishment of bilateral relations between importing, exporting and transit countries.**

**II**

**RECOMMENDATIONS FOR ACTION**

1. **Urges Governments to implement specific actions to control scheduled chemicals as requested in its resolution 1995/20;**

2. **Requests the International Narcotics Control Board to collect and compile data that would establish a pattern of trade in chemicals listed in tables I and II of the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988, including any significant volume of transactions, to draw the attention of the competent authorities of countries concerned to any irregularities that the Board, in its judgement, may identify, and to invite those authorities to provide the Board with any additional information, as necessary, and to take appropriate action, especially preventive action; such action by Governments, both importing and exporting, ought to include:**

   (a) **Consulting with and providing relevant data to the Board in conformity with legal requirements of confidentiality and data protection, where concern exists that an export or transshipment of such chemicals or substances may be diverted to the illicit traffic;**

   (b) **Verification by the importing country of the legitimacy of transactions on the basis of pre-export notifications of such substances to be sent by the exporting countries as provided for in article 12 of the Convention of 1988;**

   (c) **Not permitting the export of substances listed in tables I and II of the 1988 Convention and, where possible, substances included in the special surveillance list, to areas of special risk where it is known that they are commonly used to produce illicit drugs, until information is available to establish the legitimate purpose of the chemicals or substances to be imported;**

3. **Requests that, pursuant to the initiatives taken by the International Narcotics Control Board in accordance with paragraph 2 above, the Governments of exporting and importing countries and territories verify the legitimacy of the individual transactions concerned and prevent the release of such shipments until the competent authority of the importing country or territory has, in compliance with the time constraints of the exporting country, indicated that it has no objection to the transaction in question;**

4. **Recommends that, wherever possible, Governments should obtain early notification from operators of all proposed transactions of substances listed in table I of the 1988 Convention in order to check their legitimacy, and inform other countries and territories accordingly, in compliance with the provisions of that Convention;**

5. **Requests all Governments of countries and territories to alert other Governments, as appropriate, through
the Board, as soon as diversion attempts are identified, and to cooperate in controlled deliveries, if necessary, in order to prevent traffickers from turning to other countries or regions to obtain the precursors they require;

6. **Urges** Governments with free ports and free trade zones to closely monitor, in particular, the movement of amphetamine-type stimulants and scheduled substances under the 1988 Convention through such trading centres, pursuant to the Convention, and to provide for a mechanism to seize consignments when adequate grounds for suspicion have been established;

7. **Requests** Governments with free ports and free trade zones to provide information as requested by the Board in order to strengthen measures to monitor the movement of the amphetamine-type stimulants and scheduled substances under the 1988 Convention in those ports and zones;

8. **Encourages** Governments of countries and territories to examine the scope of their current controls over domestic distribution in order to prevent internal diversion of scheduled substances under the 1988 Convention, which could be subsequently smuggled to neighbouring countries where illicit manufacture of drugs takes place;

9. **Invites** Governments to consider monitoring the intermediaries and brokers who facilitate trade but are not themselves end-users by appropriate measures, such as applying the current control procedures and resorting to the sanctions applicable to other operators that handle or use controlled substances;

10. **Requests** the Secretary-General to convene, in accordance with the mandate established in Council resolution 1995/20, a second expert meeting of drug-control authorities and policy-making representatives of interested Governments in order to propose comprehensive countermeasures against illicit manufacturing, trafficking and use of amphetamine-type stimulants and their precursors;

11. **Requests** the Secretary-General, with the assistance of the Executive Director of the United Nations International Drug Control Programme and in consultation with the International Narcotics Control Board, to seek the views of interested Governments on the nature and content of the comprehensive countermeasures prior to the second expert meeting;

12. **Requests** the Commission on Narcotic Drugs to examine the proposed comprehensive countermeasures at its fortieth session, on the basis of the results of the second expert meeting;

13. **Requests** the Secretary-General to propose to the General Assembly, in order to implement the present resolution, any modification in the programme of work of the Secretariat that may be necessary for the allocation of adequate resources to the United Nations International Drug Control Programme in the programme budget for the biennium 1996-1997;

14. **Also requests** the Secretary-General, having in mind the recommendations of the Chemical Action Task Force established by the heads of State or Government of the seven major industrialized countries and the President of the Commission of the European Communities to consult in writing with the parties concerned:

(a) To examine to what extent those recommendations have been implemented;

(b) To suggest further measures to prevent diversions to the illicit manufacture of stimulants;

15. **Further requests** the Secretary-General to prepare a summary of the replies received and to submit a report, if possible, to the Commission on Narcotic Drugs at its fortieth session;

16. **Requests** the Secretary-General to transmit the present resolution to all Governments for consideration and implementation.

**48th plenary meeting** 24 July 1996

1996/30. **Measures to combat diversion of psychotropic substances and to establish effective control over operations carried out by intermediaries in international trade in psychotropic substances**

**The Economic and Social Council,**

Recalling the need to give full effect to the Convention on Psychotropic Substances of 1971, in order to effectively combat diversion and abuse of psychotropic substances,

Noting that difficulties encountered by certain countries in introducing control measures provided for in the 1971 Convention have been central to the problem of diversion of psychotropic substances involving intermediaries,

Recalling its resolutions 1991/44 of 21 June 1991 and 1993/38 of 27 July 1993 on measures to enhance controls of international trade in psychotropic substances,

Noting that intermediaries have been involved in major cases of diversion and attempted diversion of psychotropic substances,

Noting also that the situation is further exacerbated by the fact that some countries complying with the requirements of the 1971 Convention and of its resolutions are allowing the export of psychotropic substances to countries in which effective import or export controls have not yet been implemented,

Recalling that in its resolution 1993/38 on measures to prevent substances listed in Schedules III and IV of the 1971 Convention from being diverted from international trade into illicit channels, it invited Governments, inter alia, to exercise continuing vigilance to ensure that operations of brokers and
transit operators are not used for the diversion of psychotropic substances into illicit channels,

Noting with satisfaction the relevant activities carried out jointly by the International Narcotics Control Board and the Pompidou Group of the Council of Europe and, in particular, the conclusions and recommendations of the International Narcotics Control Board/Pompidou Group Expert Consultation on Control of Brokers and Transit Operators Handling Psychotropic Substances and Precursors, held at Vienna from 3 to 5 May 1995, as well as those of their Conference on Control of International Trade in Psychotropic Substances in Europe, held at Strasbourg, France, from 18 to 20 October 1995,

Recognizing the increasingly important role of the International Narcotics Control Board in facilitating the detection and interdiction of the suspected diversion of psychotropic substances,

1. Invites Governments that have not already done so to establish, as a matter of priority, competent authorities for the control of psychotropic substances and to notify the Secretary-General of the identity of those authorities, including details of addresses;

2. Also invites Governments to take appropriate measures, with the assistance of the International Narcotics Control Board, to prevent shipments of psychotropic substances in excess of the annual domestic requirements for licit purposes to countries which have not yet implemented effective controls over international trade in those substances;

3. Requests the International Narcotics Control Board to establish assessments of annual licit domestic requirements of psychotropic substances for countries that have not yet submitted such assessments;

4. Invites Governments of exporting countries to exercise the utmost vigilance over import orders for psychotropic substances received from countries considered to have deficient control regimes, particularly in order to prevent uncontrolled re-exports, and to ensure that exports to free ports and free trade zones are avoided if controls over re-exports have not been established;

5. Calls upon all Governments which do not yet control international trade in all psychotropic substances listed in schedules III and IV of the Convention on Psychotropic Substances of 1971 by using the system of import and export authorizations urgently to consider the establishment of such a system;

6. Also calls upon all Governments for which it is not immediately feasible to control the export of substances listed in schedules III and IV of the 1971 Convention by means of the system of export authorizations to make use of other mechanisms, such as the system of pre-export declarations;

7. Calls upon all Governments to consider the establishment of control measures for intermediaries, including registration on licensing and record-keeping requirements, as well as the enactment of regulatory and criminal sanctions for intermediaries facilitating diversions;

8. Requests the International Narcotic Control Board to study, in consultation with Governments, the feasibility of formulating specific guidelines for use by Governments on the control of intermediaries involved in international trade in psychotropic substances, on the basis of the conclusions and recommendations of the International Narcotics Control Board/Pompidou Group Expert Consultation on Control of Brokers and Transit Operators Handling Psychotropic Substances and Precursors, held at Vienna from 3 to 5 May 1995;

9. Invites Governments of exporting countries, in seeking to verify the legitimacy of suspicious export transactions, to establish or reinforce bilateral contacts with Governments of importing countries and, if necessary, to request the assistance of the International Narcotics Control Board;

Taking into account the changes in the non-governmental sector, including the emergence of a large number of national and regional organizations,

Calling upon the governing bodies of the relevant organizations, bodies and specialized agencies of the United Nations system to examine the principles and practices relating to their consultations with non-governmental organizations and to take action, as appropriate, to promote coherence in the light of the provisions of the present resolution,

Approves the following update of the arrangements set out in its resolution 1296 (XLIV):

ARRANGEMENTS FOR CONSULTATION WITH NON-GOVERNMENTAL ORGANIZATIONS

Part I

PRINCIPLES TO BE APPLIED IN THE ESTABLISHMENT OF CONSULTATIVE RELATIONS

The following principles shall be applied in establishing consultative relations with non-governmental organizations:

1. The organization shall be concerned with matters falling within the competence of the Economic and Social Council and its subsidiary bodies.

2. The aims and purposes of the organization shall be in conformity with the spirit, purposes and principles of the Charter of the United Nations.

3. The organization shall undertake to support the work of the United Nations and to promote knowledge of its principles and activities, in accordance with its own aims and purposes and the nature and scope of its competence and activities.

4. Except where expressly stated otherwise, the term "organization" shall refer to non-governmental organizations at the national, subregional, regional or international levels.

5. Consultative relationships may be established with international, regional, subregional and national organizations, in conformity with the Charter and the principles and criteria established under the present resolution. The Committee, in considering applications for consultative status, should ensure, to the extent possible, participation of non-governmental organizations from all regions, and particularly from developing countries, in order to help to achieve a just, balanced, effective and genuine involvement of non-governmental organizations from all regions and areas of the world. The Committee shall also pay particular attention to non-governmental organizations that have special expertise or experience upon which the Council may wish to draw.

6. Greater participation of non-governmental organizations from developing countries in international conferences convened by the United Nations should be encouraged.

7. Greater involvement of non-governmental organizations from countries with economies in transition should be encouraged.

8. Regional, subregional and national organizations, including those affiliated with an international organization already in status, may be admitted provided that they can demonstrate that their programme of work is of direct relevance to the aims and purposes of the United Nations and, in the case of national organizations, after consultation with the Member State concerned. The views expressed by the Member State, if any, shall be communicated to the non-governmental organization concerned, which shall have the opportunity to respond to those views through the Committee on Non-Governmental Organizations.

9. The organization shall be of recognized standing within the particular field of its competence or of a representative character. Where there exist a number of organizations with similar objectives, interests and basic views in a given field, they may, for the purposes of consultation with the Council, form a joint committee or other body authorized to carry on such consultation for the group as a whole.

10. The organization shall have an established headquarters, with an executive officer. It shall have a democratically adopted constitution, a copy of which shall be deposited with the Secretary-General of the United Nations, and which shall provide for the determination of policy by a conference, congress or other representative body and for an executive organ responsible to the policy-making body.

11. The organization shall have authority to speak for its members through its authorized representatives. Evidence of this authority shall be presented, if requested.

12. The organization shall have a representative structure and possess appropriate mechanisms of accountability to its members, who shall exercise effective control over its policies and actions through the exercise of voting rights or other appropriate democratic and transparent decision-making processes. Any such organization that is not established by a governmental entity or intergovernmental agreement shall be considered a non-governmental organization for the purpose of these arrangements, including organizations that accept members designated by governmental authorities, provided that such membership does not interfere with the free expression of views of the organization.

13. The basic resources of the organization shall be derived in the main from contributions of the national affiliates or
other components or from individual members. Where voluntary contributions have been received, their amounts and donors shall be faithfully revealed to the Committee on Non-Governmental Organizations. Where, however, the above criterion is not fulfilled and an organization is financed from other sources, it must explain to the satisfaction of the Committee its reasons for not meeting the requirements laid down in this paragraph. Any financial contribution or other support, direct or indirect, from a Government to the organization shall be openly declared to the Committee through the Secretary-General and fully recorded in the financial and other records of the organization and shall be devoted to purposes in accordance with the aims of the United Nations.

14. In considering the establishment of consultative relations with a non-governmental organization, the Council will take into account whether the field of activity of the organization is wholly or mainly within the field of a specialized agency, and whether or not it could be admitted when it has, or may have, a consultative arrangement with a specialized agency.

15. The granting, suspension and withdrawal of consultative status, as well as the interpretation of norms and decisions relating to this matter, are the prerogative of Member States exercised through the Economic and Social Council and its Committee on Non-Governmental Organizations. A non-governmental organization applying for general or special consultative status or a listing on the Roster shall have the opportunity to respond to any objections being raised in the Committee before the Committee takes its decision.

16. The provisions of the present resolution shall apply to the United Nations regional commissions and their subsidiary bodies mutatis mutandis.

17. In recognizing the evolving relationship between the United Nations and non-governmental organizations, the Economic and Social Council, in consultation with the Committee on Non-Governmental Organizations, will consider reviewing the consultative arrangements as and when necessary to facilitate, in the most effective manner possible, the contributions of non-governmental organizations to the work of the United Nations.

Part II

PRINCIPLES GOVERNING THE NATURE OF THE CONSULTATIVE ARRANGEMENTS

18. A clear distinction is drawn in the Charter of the United Nations between participation without vote in the deliberations of the Council and the arrangements for consultation. Under Articles 69 and 70, participation is provided for only in the case of States not members of the Council, and of the specialized agencies. Article 71, applying to non-governmental organizations, provides for suitable arrangements for consultation. This distinction, deliberately made in the Charter, is fundamental and the arrangements for consultation should not be such as to accord to non-governmental organizations the same rights of participation as are accorded to States not members of the Council and to the specialized agencies brought into relationship with the United Nations.

19. The arrangements should not be such as to overburden the Council or transform it from a body for coordination of policy and action, as contemplated in the Charter, into a general forum for discussion.

20. Decisions on arrangements for consultation should be guided by the principle that consultative arrangements are to be made, on the one hand, for the purpose of enabling the Council or one of its bodies to secure expert information or advice from organizations having special competence in the subjects for which consultative arrangements are made, and, on the other hand, to enable international, regional, subregional and national organizations that represent important elements of public opinion to express their views. Therefore, the arrangements for consultation made with each organization should relate to the subjects for which that organization has a special competence or in which it has a special interest. The organizations given consultative status should be limited to those whose activities in fields set out in paragraph 1 above qualify them to make a significant contribution to the work of the Council and should, in sum, as far as possible reflect in a balanced way the major viewpoints or interests in these fields in all areas and regions of the world.

Part III

ESTABLISHMENT OF CONSULTATIVE RELATIONSHIPS

21. In establishing consultative relationships with each organization, regard shall be given to the nature and scope of its activities and to the assistance it may be expected to give to the Economic and Social Council or its subsidiary bodies in carrying out the functions set out in Chapters IX and X of the Charter of the United Nations.

22. Organizations that are concerned with most of the activities of the Council and its subsidiary bodies and can demonstrate to the satisfaction of the Council that they have substantive and sustained contributions to make to the achievement of the objectives of the United Nations in fields set out in paragraph 1 above and are closely involved with the economic and social life of the peoples of the areas they represent and whose membership, which should be considerable, is broadly representative of major segments of society in a large number of countries in different regions of the world shall be known as organizations in general consultative status.

23. Organizations that have a special competence in and are concerned specifically with only a few of the fields of activity covered by the Council and its subsidiary bodies, and that are known within the fields for which they have or seek consultative status shall be known as organizations in special consultative status.

24. Other organizations that do not have general or special consultative status but that the Council, or the Secretary-
General in consultation with the Council or its Committee on Non-Governmental Organizations, considers can make occasional and useful contributions to the work of the Council or its subsidiary bodies or other United Nations bodies within their competence shall be included in a list (to be known as the Roster). This list may also include organizations in consultative status or a similar relationship with a specialized agency or a United Nations body. These organizations shall be available for consultation at the request of the Council or its subsidiary bodies. The fact that an organization is on the Roster shall not in itself be regarded as a qualification for general or special consultative status should an organization seek such status.

25. Organizations to be accorded special consultative status because of their interest in the field of human rights should pursue the goals of promotion and protection of human rights in accordance with the spirit of the Charter of the United Nations, the Universal Declaration of Human Rights and the Vienna Declaration and Programme of Action, adopted by the World Conference on Human Rights, held at Vienna from 14 to 25 June 1993.

26. Major organizations one of whose primary purposes is to promote the aims, objectives and purposes of the United Nations and a furtherance of the understanding of its work may be accorded consultative status.

Part IV

CONSULTATION WITH THE ECONOMIC AND SOCIAL COUNCIL

Provisional agenda

27. The provisional agenda of the Economic and Social Council shall be communicated to organizations in general consultative status and special consultative status and to those on the Roster.

28. Organizations in general consultative status may propose to the Committee on Non-Governmental Organizations that the Committee request the Secretary-General to place items of special interest to the organizations in the provisional agenda of the Council.

29. Organizations in general consultative status and special consultative status may designate authorized representatives to sit as observers at public meetings of the Economic and Social Council and its subsidiary bodies. Those on the Roster may have representatives present at such meetings concerned with matters within their field of competence. These attendance arrangements may be supplemented to include other modalities of participation.

Written statements

30. Written statements relevant to the work of the Economic and Social Council may be submitted by organizations in general consultative status and special consultative status on subjects in which these organizations have a special competence. Such statements shall be circulated by the Secretary-General to the members of the Council, except those statements that have become obsolete, for example, those dealing with matters already disposed of and those that had already been circulated in some other form.

31. The following conditions shall be observed regarding the submission and circulation of such statements:

(a) The written statement shall be submitted in one of the official languages;

(b) It shall be submitted in sufficient time for appropriate consultation to take place between the Secretary-General and the organization before circulation;

A statement will also be circulated in full, however, upon a specific request of the Council or its Committee on Non-Governmental Organizations;

(f) The Secretary-General, in consultation with the President of the Council, or the Council or its Committee on Non-Governmental Organizations, may invite organizations on the Roster to submit written statements. The provisions of subparagraphs (a), (b), (c) and (e) above shall apply to such statements;

(g) A written statement or summary, as the case may be, will be circulated by the Secretary-General in the working languages, and, upon the request of a member of the Council, in any of the official languages.

Oral presentations during meetings

32. (a) The Committee on Non-Governmental Organizations shall make recommendations to the Economic and Social Council as to which organizations in general consultative status should make an oral presentation to the Council and on which items they should be heard. Such organizations shall be entitled to make one statement to the
Council, subject to the approval of the Council. In the absence of a subsidiary body of the Council with jurisdiction in a major field of interest to the Council and to organizations in special consultative status, the Committee may recommend that organizations in special consultative status be heard by the Council on the subject in its field of interest;

(b) Whenever the Council discusses the substance of an item proposed by a non-governmental organization in general consultative status and included in the agenda of the Council, such an organization shall be entitled to present orally to the Council, as appropriate, an introductory statement of an expository nature. Such an organization may be invited by the President of the Council, with the consent of the relevant body, to make, in the course of the discussion of the item before the Council, an additional statement for purposes of clarification.

Organizations in general consultative status and special consultative status may designate authorized representatives to sit as observers at public meetings of the commissions and other subsidiary organs of the Economic and Social Council. Organizations on the Roster may have representatives present at meetings concerning matters within their field of competence. These attendance arrangements may be supplemented to include other modalities of participation.

Written statements

36. Written statements relevant to the work of the commissions or other subsidiary organs may be submitted by organizations in general consultative status and special consultative status on subjects for which these organizations have a special competence. Such statements shall be circulated by the Secretary-General to members of the commission or other subsidiary organs, except those statements that have become obsolete, for example those dealing with matters already disposed of and those that have already been circulated in some other form to members of the commission or other subsidiary organs.

37. The following conditions shall be observed regarding the submission and circulation of such written statements:

(a) The written statement shall be submitted in one of the official languages;

(f) The Secretary-General, in consultation with the chairman of the relevant commission or other subsidiary organ, or the commission or other subsidiary organ itself, may invite organizations on the Roster to submit written statements. The provisions in subparagraphs (a), (b), (c) and (e) above shall apply to such statements;

(g) A written statement or summary, as the case may be, will be circulated by the Secretary-General in the working languages and, upon the request of a member of the commission or other subsidiary organ, in any of the official languages.

Oral presentations during meetings

cases, such consultations may be arranged at the request of the organization;

(b) On the recommendation of the Secretary-General and at the request of the commission or other subsidiary organs, organizations on the Roster may also be heard by the commission or other subsidiary organs.

Special studies

39. Subject to the relevant rules of procedure on financial implications, a commission or other subsidiary organ may recommend that an organization that has special competence in a particular field should undertake specific studies or investigations or prepare specific papers for the commission. The limitations of paragraphs 37 (d) and (e) above shall not apply in this case.

Part VI

CONSULTATIONS WITH AD HOC COMMITTEES OF THE ECONOMIC AND SOCIAL COUNCIL

40. The arrangements for consultation between ad hoc committees of the Economic and Social Council authorized to meet between sessions of the Council and organizations in general consultative status and special consultative status and on the Roster shall follow those approved for commissions of the Council, unless the Council or the committee decides otherwise.

Part VII

PARTICIPATION OF NON-GOVERNMENTAL ORGANIZATIONS IN INTERNATIONAL CONFERENCES CONVENED BY THE UNITED NATIONS AND IN THEIR PREPARATORY PROCESS

41. Where non-governmental organizations have been invited to participate in an international conference convened by the United Nations, their accreditation is the prerogative of Member States, exercised through the respective preparatory committee. Such accreditation should be preceded by an appropriate process to determine their eligibility.

42. Non-governmental organizations in general consultative status, special consultative status and on the Roster, that express their wish to attend the relevant international conferences convened by the United Nations and the meetings of the preparatory bodies of the said conferences shall as a rule be accredited for participation. Other non-governmental organizations wishing to be accredited may apply to the secretariat of the conference for this purpose in accordance with the following requirements.

43. The secretariat of the conference shall be responsible for the receipt and preliminary evaluation of requests from non-governmental organizations for accreditation to the conference and its preparatory process. In the discharge of its functions, the secretariat of the conference shall work in close cooperation and coordination with the Non-Governmental Organizations Section of the Secretariat and shall be guided by the relevant provisions of Council resolution 1296 (XIV) as updated.

44. All such applications must be accompanied by information on the competence of the organization and the relevance of its activities to the work of the conference and its preparatory committee, with an indication of the particular areas of the conference agenda and preparations to which such competence and relevance pertain, and should include, inter alia, the following information:

(a) The purpose of the organization;

(b) Information as to the programmes and activities of the organization in areas relevant to the conference and its preparatory process and the country or countries in which they are carried out. Non-governmental organizations seeking accreditation shall be asked to confirm their interest in the goals and objectives of the conference;

(c) Confirmation of the activities of the organization at the national, regional or international level;

(d) Copies of the annual or other reports of the organization with financial statements and a list of financial sources and contributions, including governmental contributions;

(e) A list of members of the governing body of the organization and their countries of nationality;

(f) A description of the membership of the organization, indicating the total number of members, the names of organizations that are members and their geographical distribution;

(g) A copy of the constitution and/or by-laws of the organization.

45. In the evaluation of the relevance of applications of non-governmental organizations for accreditation to the conference and its preparatory process, it is agreed that a determination shall be made based on their background and involvement in the subject areas of the conference.

46. The secretariat of the conference shall publish and disseminate to Member States on a periodic basis the updated list of applications received. Member States may submit comments on any of the applications on the list fourteen days from receipt of the above-mentioned list by Member States. The comments of Member States shall be communicated to the non-governmental organization concerned, which shall have the opportunity to respond.

47. In cases where the secretariat of the conference believes, on the basis of the information provided in accordance with the present resolution, that the organization has established its competence and the relevance of its activities to the work of the preparatory committee, it shall recommend to the preparatory committee that the organization be accredited. In
cases where the secretariat does not recommend the granting of accreditation, it shall make available to the preparatory committee its reasons for not doing so. The secretariat should ensure that its recommendations are available to members of the preparatory committee at least one week prior to the start of each session. The secretariat must notify such applicants of the reasons for non-recommendation and provide an opportunity to respond to objections and furnish additional information as may be required.

48. The preparatory committee shall decide on all recommendations for accreditation within twenty-four hours after the recommendations of the secretariat have been taken up by the preparatory committee in plenary meeting. In the event of a decision not being taken within this period, interim accreditation shall be accorded until such time as a decision is taken.

49. A non-governmental organization that has been granted accreditation to attend a session of the preparatory committee, including related preparatory meetings of regional commissions, may attend all its future sessions, as well as the conference itself.

50. In recognition of the intergovernmental nature of the conference and its preparatory process, active participation of non-governmental organizations therein, while welcome, does not entail a negotiating role.

51. The non-governmental organizations accredited to the international conference may be given, in accordance with established United Nations practice and at the discretion of the chairperson and the consent of the body concerned, an opportunity to briefly address the preparatory committee and the conference in plenary meetings and their subsidiary bodies.

52. Non-governmental organizations accredited to the conference may make written presentations during the preparatory process in the official languages of the United Nations as they deem appropriate. Those written presentations shall not be issued as official documents except in accordance with the rules of procedure of the United Nations.

53. Non-governmental organizations without consultative status that participate in international conferences and wish to obtain consultative status later on should apply through the normal procedures established under Council resolution 1296 (XLIV) as updated. Recognizing the importance of the participation of non-governmental organizations that attend a conference in the follow-up process, the Committee on Non-Governmental Organizations, in considering their application, shall draw upon the documents already submitted by that organization for accreditation to the conference and any additional information submitted by the non-governmental organization supporting its interest, relevance and capacity to contribute to the implementation phase. The Committee shall review such applications as expeditiously as possible so as to allow participation of the respective organization in the implementation phase of the conference. In the interim, the Economic and Social Council shall decide on the participation of non-governmental organizations accredited to an international conference in the work of the relevant functional commission on the follow-up to and implementation of that conference.

54. The suspension and withdrawal of the accreditation of non-governmental organizations to United Nations international conferences at all stages shall be guided by the relevant provisions of the present resolution.

Part VIII

SUSPENSION AND WITHDRAWAL OF CONSULTATIVE STATUS

55. Organizations granted consultative status by the Economic and Social Council and those on the Roster shall conform at all times to the principles governing the establishment and nature of their consultative relations with the Council. In periodically reviewing the activities of non-governmental organizations on the basis of the reports submitted under paragraph 61 (c) below and other relevant information, the Committee on Non-Governmental Organizations shall determine the extent to which the organizations have complied with the principles governing consultative status and have contributed to the work of the Council, and may recommend to the Council suspension of or exclusion from consultative status of organizations that have not met the requirements for consultative status as set forth in the present resolution.

56. In cases where the Committee on Non-Governmental Organizations has decided to recommend that the general or special consultative status of a non-governmental organization or its listing on the Roster be suspended or withdrawn, the non-governmental organization concerned shall be given written reasons for that decision and shall have an opportunity to present its response for appropriate consideration by the Committee as expeditiously as possible.

57. The consultative status of non-governmental organizations with the Economic and Social Council and the listing of those on the Roster shall be suspended for up to three years or withdrawn in the following cases:

(a) If an organization, either directly or through its affiliates or representatives acting on its behalf, clearly abuses its status by engaging in a pattern of acts contrary to the purposes and principles of the Charter of the United Nations including unsubstantiated or politically motivated acts against States Members of the United Nations incompatible with those purposes and principles;

(b) If there exists substantiated evidence of influence from proceeds resulting from internationally recognized criminal activities such as the illicit drugs trade, money-laundering or the illegal arms trade;

(c) If, within the preceding three years, an organization did not make any positive or effective contribution to the work
of the United Nations and, in particular, of the Council or its commissions or other subsidiary organs.

58. The consultative status of organizations in general consultative status and special consultative status and the listing of those on the Roster shall be suspended or withdrawn by the decision of the Economic and Social Council on the recommendation of its Committee on Non-Governmental Organizations.

59. An organization whose consultative status or whose listing on the Roster is withdrawn may be entitled to reapply for consultative status or for inclusion on the Roster not sooner than three years after the effective date of such withdrawal.

Part IX

COMMITTEE ON NON-GOVERNMENTAL ORGANIZATIONS

60. The members of the Committee on Non-Governmental Organizations shall be elected by the Economic and Social Council on the basis of equitable geographical representation, in accordance with the relevant Council resolutions and decision 93 and rules of procedure of the Economic and Social Council. 94 The Committee shall elect its Chairman and other officers as necessary.

61. The functions of the Committee shall include the following:

(a) The Committee shall be responsible for regular monitoring of the evolving relationship between non-governmental organizations and the United Nations. With a view to fulfilling this responsibility, the Committee shall hold, before each of its sessions and at other times as necessary, consultations with organizations in consultative status to discuss questions of interest to the Committee or to the organizations relating to the relationship between the non-governmental organizations and the United Nations. A report on such consultations shall be transmitted to the Council for appropriate action;

(b) The Committee shall hold its regular session before the substantive session of the Council each year and preferably before the sessions of functional commissions of the Council to consider applications for general consultative status and special consultative status and for listing on the Roster made by non-governmental organizations and requests for changes in status, and to make recommendations thereon to the Council. Upon approval by the Council, the Committee may hold other meetings as required to fulfill its mandated responsibilities. Organizations shall give due consideration to any comments on technical matters that the Secretary-General may make in receiving such applications for the Committee. The Committee shall consider at each such session applications received by the Secretary-General not later than 1 June of the preceding year on which sufficient data have been distributed to the members of the Committee not later than six weeks before the applications are to be considered. Transitional arrangements, if possible, may be made during the current year only. Reapplication by an organization for status or a request for a change in status shall be considered by the Committee at the earliest at its first session in the second year following the session at which the substance of the previous application or request was considered, unless at the time of such consideration it was decided otherwise;

(c) Organizations in general consultative status and special consultative status shall submit to the Committee through the Secretary-General every fourth year a brief report of their activities, specifically as regards the support they have given to the work of the United Nations. Based on findings of the Committee’s examination of the report and other relevant information, the Committee may recommend to the Council any reclassification in status of the organization concerned as it deems appropriate. However, under exceptional circumstances, the Committee may ask for such a report from an individual organization in general consultative status or special consultative status or on the Roster between the regular reporting dates;

(d) The Committee may consult, in connection with sessions of the Council or at such other times as it may decide, with organizations in general consultative status and special consultative status on matters within their competence, other than items on the agenda of the Council, on which the Council or the Committee or the organization requests consultation. The Committee shall report to the Council on such consultations;

(e) The Committee may consult, in connection with any particular session of the Council, with organizations in general consultative status and special consultative status on matters within the competence of the organizations concerning specific items already in the provisional agenda of the Council on which the Council or the Committee or the organization requests consultation, and shall make recommendations as to which organizations, subject to the provisions of paragraph 32 (a) above, should be heard by the Council or the appropriate committee and regarding which subjects should be heard. The Committee shall report to the Council on such consultations;

(f) The Committee shall consider matters concerning non-governmental organizations that may be referred to it by the Council or by its commissions;

(g) The Committee shall consult with the Secretary-General, as appropriate, on matters affecting the consultative arrangements under Article 71 of the Charter of the United Nations, and arising therefrom;

(h) An organization that applies for consultative status should attest that it has been in existence for at least two years as at the date of receipt of the application by the Secretariat.

93 Resolutions 1099 (XL) and 1981/50 and decision 1995/304.
Evidence of such existence shall be furnished to the Secretariat.

62. The Committee, in considering a request from a non-governmental organization in general consultative status that an item be placed on the agenda of the Council, shall take into account, among other things:

(a) The adequacy of the documentation submitted by the organization;

(b) The extent to which it is considered that the item lends itself to early and constructive action by the Council;

(c) The possibility that the item might be more appropriately dealt with elsewhere than in the Council.

63. Any decision by the Council Committee on Non-Governmental Organizations not to grant a request submitted by a non-governmental organization in general consultative status that an item be placed on the provisional agenda of the Council shall be considered final unless the Council decides otherwise.

Part X

CONSULTATION WITH THE SECRETARIAT

64. The Secretariat should be so organized as to enable it to carry out the duties assigned to it concerning the consultative arrangements and the accreditation of non-governmental organizations to United Nations international conferences as set forth in the present resolution.

65. All organizations in consultative relationship shall be able to consult with officers of the appropriate sections of the Secretariat on matters in which there is a mutual interest or a mutual concern. Such consultation shall be upon the request of the non-governmental organization or at the request of the Secretary-General.

66. The Secretary-General may request organizations in general consultative status and special consultative status and those on the Roster to carry out specific studies or prepare specific papers, subject to the relevant financial regulations.

67. The Secretary-General shall be authorized, within the means at his disposal, to offer to non-governmental organizations in consultative relationship facilities that include:

(a) Prompt and efficient distribution of such documents of the Economic and Social Council and its subsidiary bodies as shall in the judgement of the Secretary-General be appropriate;

(b) Access to press documentation services provided by the United Nations;

(c) Arrangement of informal discussions on matters of special interest to groups or organizations;

(d) Use of the libraries of the United Nations;

(e) Provision of accommodation for conferences or smaller meetings of consultative organizations on the work of the Council;

6. **Expresses concern** at the lack of progress made towards the use of common administrative services, and requests the funds and programmes of the United Nations system, with due concern given to effectiveness, efficiency and the impact of their activities, to:

(a) Simplify and harmonize administrative and financial procedures in a systematic way and at all levels, so that common administrative services can be established where feasible;

*26 July 1996*
1996/43. Strengthening collaboration between the United Nations development system and the Bretton Woods institutions

The Economic and Social Council,

Recalling General Assembly resolutions 50/120 of 20 December 1995 on the triennial policy review of operational activities for development of the United Nations system and 50/227 of 24 May 1996 on further measures for the restructuring and revitalization of the United Nations in the economic, social and related fields,

Recognizing the importance of strengthening the collaboration between the United Nations development system and the Bretton Woods institutions at the intergovernmental, intersecretariat and country levels,

Recognizing also the importance of joint initiatives between the United Nations and the Bretton Woods institutions in coordinating efforts for the implementation and follow-up of the commitments of the major United Nations international conferences and summits,

Reaffirming that the recipient Government should play a leading role in the overall coordination of collaboration at the country level,

Concerned about the potentially serious impact on development of the decline in resources allocated to the operational activities for development of the United Nations system,

Concerned also about the incomplete fulfilment of commitments to the tenth replenishment of the International Development Association, and hoping that adequate resources will be made available for the eleventh replenishment,

Taking into account the ongoing deliberation on an agenda for development in which issues relating to the strengthening of the relationship between the United Nations and the Bretton Woods institutions are being addressed,

Recalling Chapters IX and X of the Charter of the United Nations, with particular reference to the provisions setting forth the powers and functions of the Economic and Social Council with respect to making recommendations and coordinating United Nations system activities within the scope of its competence,

Reaffirming the importance of strengthening cooperation, communication and collaboration between the Council and its relevant subsidiary bodies, on the one hand, and the Bretton Woods institutions, on the other, in order to maximize the effectiveness of their respective development programmes and activities,

Noting the need to improve the Council’s high-level sessions with the international financial and trade institutions by better preparing for and focusing the high-level dialogue, thereby advancing such cooperation, communication and collaboration and enhancing the quality, outcomes and value of the exchange of views,

1. Takes note of the note by the Secretariat on the coordination of activities on a system-wide basis: strengthening collaboration between the United Nations development system and the Bretton Woods institutions in the areas of social and economic development at all levels, including the field level;[109]

2. Considers that the strengthening of collaboration between the United Nations and the Bretton Woods institutions requires an integrated approach, encompassing a closer policy dialogue at the intergovernmental level on relevant areas of international development policy issues, taking into account their respective competencies;

3. Looks forward to the report and accompanying recommendations to be prepared jointly by the United Nations and the Bretton Woods institutions, in accordance with paragraph 86 of annex I to General Assembly resolution 50/227, on an early exploratory review to assess mechanisms, programmes and relationships at the field, headquarters and intergovernmental levels, with a view to identifying areas in which communication, cooperation and coordination could be improved;

4. Recommends the scheduling of a high-level special meeting at a time proximate to the semi-annual meetings of the Bretton Woods institutions with a view to benefitting, to the extent possible, from ministerial participation and from the participation of heads of financial and trade institutions and other relevant organizations, as called for by the General Assembly in paragraph 88 of annex I to resolution 50/227;

5. Requests the Secretary-General to consult the heads of the financial institutions by early 1997 in order to explore the possibilities and practical modalities of scheduling such a meeting: at a session of the Council to be held in early 1997, the Council should discuss the format, timing and possible agenda for the first such meeting;

6. Decides to explore concrete modalities for strengthening the exchange of information on development issues between the United Nations and the Bretton Woods institutions;

7. Also decides that, prior to the annual high-level policy dialogue between the Council and the international financial and trade institutions, and allowing sufficient time for preparation, the Secretariat should communicate to the financial and trade institutions a report on the relevant issues to be discussed at the session, with a primary focus on the agreed theme and that communication should be prepared in part based on the submission of issues and questions that Member States could be invited to suggest to the Secretariat, which would then be taken into account in the preparation of the Secretariat’s report to the institutions;

8. Recommends, in order to better focus the policy dialogue, exploring the possibility of having joint reports prepared by the Secretariat, the United Nations Conference on Trade and Development, the Bretton Woods institutions and the World Trade Organization;

9. Invites the financial and trade institutions participating in the high-level segment of the Council in 1997 to furnish relevant reports and studies on the selected theme, within their respective mandates and areas of expertise, and on important developments in the world economy and in international economic cooperation;

10. Invites the Bretton Woods institutions to strengthen their cooperation with the Secretariat on issues falling within their respective competencies, such as multilateral external debt, challenges and opportunities of global financial integration and financing for development;

11. Decides to encourage cooperative working relations between the relevant units of the Bretton Woods institutions and the regional commissions, including, inter alia, improved arrangements for data collection and information exchange;

12. Also decides that full implementation of existing agreements, the strengthening of existing mechanisms and the exploration of new avenues and mechanisms of cooperation between the Bretton Woods institutions and other bodies of the United Nations system should be encouraged and undertaken within the framework provided by the resolutions of the General Assembly and the Economic and Social Council through, inter alia, participation in relevant meetings, information-gathering, information exchange, research, policy analysis and operational activities;

13. Stresses that the recipient Government should play a leading role in the overall coordination of the collaboration between the United Nations and the Bretton Woods institutions at the country level and that this collaboration should be on the basis of country-driven activities;

14. Also stresses that the fundamental characteristics of the operational activities of the United Nations system should be, inter alia, their universal, voluntary and grant nature, their neutrality and their multilateralism, as well as their ability to respond to the needs of developing countries in a flexible manner; and that they should be carried out for the benefit of the developing countries, at the request of those countries and in accordance with their own policies and priorities for development and that the United Nations development system should take into account the specific needs and requirements of the countries with economies in transition;

15. Considers that efforts should be made to promote, in consultation and agreement with Governments, complementarity between the country strategy notes, where they exist, the policy framework papers of the Bretton Woods institutions and the World Bank's country assistance strategies;

16. Emphasizes that the United Nations development system and the Bretton Woods institutions should expand, whenever appropriate, their collaboration in co-financing field programmes and projects and should continue to explore innovative ways to combine and maximize their resources, under the overall guidance of the national Governments, in support of development activities at the field level;

17. Invites the United Nations development system and the Bretton Woods institutions to improve their cooperation in the preparation, discussion and follow-up of round-table meetings and consultative groups to promote policy discussions, as appropriate;

18. Stresses that the United Nations development system and the Bretton Woods institutions have to take full account of the exchange of experiences and lessons learned and that, in the course of their work, staff exchanges and information-sharing, in particular the sharing of evaluation methodologies and results, should be encouraged.

6. Stresses the need for synergy between the implementation of the Programme of Action for the Sustainable Development of Small Island Developing States\(^{114}\) and the Yokohama Strategy and its Plan of Action as they relate to natural disaster reduction;

7. Recommends that adequate consideration be given to the International Framework of Action for the Decade as part of the evaluation and overall review and appraisal of the implementation of Agenda 21\(^1\) in 1997.

**52nd plenary meeting** 26 July 1996

**1996/48. New and innovative ideas for generating funds**

**The Economic and Social Council,**

**Recalling** the Programme of Action of the World Summit for Social Development,\(^{25}\) in which relevant United Nations bodies, in particular the Economic and Social Council, were requested to consider new and innovative ideas for generating funds and to offer any useful suggestions for this purpose,

**Noting** discussions in intergovernmental bodies, such as the Commission on Sustainable Development, statements made at the special commemorative meeting of the General Assembly on the occasion of the fiftieth anniversary of the
United Nations and during the general debate at the fiftieth session of the Assembly, and activities undertaken in this area by United Nations bodies, in particular the United Nations Development Programme, and other entities,

_Taking note_ of previous reports of the Secretary-General relevant to the issue,

_Conscious_ of the importance and urgency of securing sufficient and reliable sources of funding to address globally agreed commitments and priorities, in particular those established at recent United Nations conferences and summits,

_Recognizing_ that the authority to levy taxes is the prerogative of sovereign States,

1. _Reaffirms_ the commitments and targets made with regard to official development assistance, and stresses in this context that funds generated by new and innovative ideas should not replace official development assistance;

2. _Emphasizes_ that new and innovative funding should be distinct from funding the regular budget and the peacekeeping budgets of the United Nations, and should be part of global partnership and interdependence;

3. _Stresses_ the role of private investment in financing development;

4. _Requests_ the Secretary-General to submit a report, to be prepared in cooperation with the United Nations Development Programme, on all aspects of new and innovative ideas for generating funds for globally agreed commitments and priorities, in particular those established at recent United Nations conferences and summits, including in particular a review of their feasibility and possible modalities, as well as the costs and benefits of their implementation;

5. _Also requests_ the Secretary-General, in the preparation of the above-mentioned report, to consult and build upon the work of relevant parts of the United Nations system, including the Bretton Woods institutions, and to draw upon relevant external expertise from the private and public sectors and the academic community;

6. _Invites_ voluntary contributions for this purpose, including possible contributions from the private sector;

7. _Requests_ the Secretary-General to submit his report for discussion at the Council at its substantive session of 1997 and to the General Assembly at its fifty-second session;

9. _Invites_ Governments to submit their written views on new and innovative ideas for generating funds to the Secretary-General, and requests the Secretary-General, in a supplement to his report, to communicate those views to the

Council at its substantive session of 1997 and to the General Assembly at its fifty-second session.

52nd plenary meeting 26 July 1996

1996/49. Integration of key minerals issues into the implementation of Agenda 21

_The Economic and Social Council_,

_Recalling_ that Agenda 21 1 called for, _inter alia_, the identification of balanced patterns of consumption worldwide that the Earth could support in the long term,

_Recalling also_ that, in Agenda 21 and the Copenhagen Declaration on Social Development,24 it is stated that the major cause of the continued deterioration of the global environment is the unsustainable pattern of consumption and production, particularly in industrialized countries, which is a matter of grave concern, aggravating poverty and imbalances,

_Not_ that the policy implications of trends and projections in consumption and production patterns were evaluated in a report of the Secretary-General submitted to the Commission on Sustainable Development at its fourth session in 1996,117 and that the Commission endorsed the eco-efficiency approach and stressed the need for an appropriate balance between supply-side and demand-side approaches,

_Not also_ that in its inter-sessional strategy paper entitled "Towards the sustainable supply of minerals in the context of Agenda 21",118 the Committee on Natural Resources analysed the implications of those policy approaches for the minerals sector in terms of the capacity of the environment to absorb the physical and chemical impacts of minerals resource use, the sustainability of the supply of essentially non-renewable mineral resources, and the possibilities for modifying production and consumption patterns throughout the mineral cycle by introducing greater efficiency of minerals use, new technologies, recycling and substitution,

_Recalling_ that those minerals issues impinge heavily on developing countries and economies in transition that seek to capture greater benefits from mineral development, and consequently recalling also the need to avoid undesirable impacts on those economies,

1. _Brings to the attention_ of the Commission on Sustainable Development, the relevant United Nations bodies and the regional commissions the inter-sessional strategy paper of the Committee on Natural Resources entitled "Towards the sustainable supply of minerals in the context of Agenda 21";

2. _Takes note_, in principle, of the recommendations for concrete action contained in relevant resolutions of the Committee on Natural Resources, and recommends consideration of the means of their implementation, within

4. Recommends that Governments consider adopting measures designed to improve the efficient use of water resources in the context of sustainable production and consumption patterns and the growing importance of world trade;

5. Also recommends that Governments take urgent action, as appropriate, according to their national policies and priorities, on the formulation and implementation of policies for the management of water resources in large cities and towns; the water resources requirements for food production relative to other needs; accelerating significantly the rate of progress in the provision of water supply and sanitation, particularly for the urban and rural poor; the control of pollution from land-based sources, sewage and effluents; and the protection of groundwater from overutilization and pollution;

6. Further recommends that Governments, in accordance with their national policies and priorities and with the aid of the international community, take appropriate measures for enhancing national and regional self-sufficiency and capacities for, inter alia, the operation, maintenance and financing of water resources projects, and take measures to enhance their institutional, legal and technical capabilities in the area of water resources, including the strengthening and, where necessary, the establishment of regional organizations;

7. "ANNEX

"United Nations Declaration against Corruption and Bribery in International Commercial Transactions

"The General Assembly,

"Convinced that a stable and transparent environment for international commercial transactions in all countries is essential for the mobilization of investment, finance, technology, skills and other important resources across national borders, in order, inter alia, to promote economic and social development and environmental protection,

"Recognizing the need to promote social responsibility and appropriate standards of ethics on the part of private and public corporations, including transnational corporations, and individuals engaged in international commercial transactions, inter alia, through observance of the laws and regulations of the countries in which they conduct business, and taking into account the impact of their activities on economic and social development and environmental protection,

"Recognizing also that effective efforts at all levels to combat and avoid corruption and bribery in all countries are essential elements of an improved international business environment, that they enhance fairness and competitiveness in international commercial transactions and form a critical part of promoting transparent and accountable governance, economic and social development and environmental protection in all countries, and that such efforts are especially pressing in the increasingly competitive globalized international economy,

"Solemnly proclaims the United Nations Declaration against Corruption and Bribery in International Commercial Transactions as set out below.

"Member States, individually and through international and regional organizations, taking actions subject to each State's own constitution and fundamental legal principles and adopted pursuant to national laws and procedures, commit themselves:

"1. To take effective and concrete action to combat all forms of corruption, bribery and related illicit practices in international commercial transactions, in particular to pursue effective enforcement of existing laws prohibiting bribery in international commercial transactions, to encourage the adoption of laws for those purposes where they do not exist, and to call upon private and public corporations, including transnational corporations, and individuals within their jurisdiction engaged in international commercial transactions to promote the objectives of the present Declaration;

"2. To criminalize such bribery of foreign public officials in an effective and coordinated manner, but without in any way precluding, impeding or delaying international, regional or national actions to further the implementation of the present Declaration;

"3. Bribery may include, inter alia, the following elements:

"(a) The offer, promise or giving of any payment, gift or other advantage, directly or indirectly, by any private or public corporation, including a transnational corporation, or individual from a State to any public official or elected representative of another country as undue consideration for performing or refraining from the performance of that official's or representative's duties in connection with an international commercial transaction;

"(b) The soliciting, demanding, accepting or receiving, directly or indirectly, by any public official or elected representative of a State from any private or public corporation, including a transnational corporation, or individual from another country of any payment, gift or other advantage, as undue consideration for performing or refraining from the performance of that official's or representative's duties in connection with an international commercial transaction;

"4. To deny, in countries that do not already do so, the tax deductibility of bribes paid by any private or public corporation or individual of a Member State to any
public official or elected representative of another country, and, to that end, to examine their respective modalities for doing so;

"5. To develop or maintain accounting standards and practices that improve the transparency of international commercial transactions and that encourage private and public corporations, including transnational corporations, and individuals engaged in international commercial transactions to avoid and combat corruption, bribery and related illicit practices;

"6. To develop or to encourage the development, as appropriate, of business codes, standards or best practices that prohibit corruption, bribery and related illicit practices in international commercial transactions;

"7. To examine establishing illicit enrichment by public officials or elected representatives as an offence;

"8. To cooperate and afford one another the greatest possible assistance in connection with criminal investigations and other legal proceedings brought in respect of corruption and bribery in international commercial transactions. Mutual assistance shall include, as far as permitted under national laws or as provided for in bilateral treaties or other applicable arrangements of the affected countries, and taking into account the need for confidentiality as appropriate:

"(a) Production of documents and other information, taking of evidence and service of documents relevant to criminal investigations and other legal proceedings;

"(b) Notice of the initiation and outcome of criminal proceedings concerning bribery in international commercial transactions to other States that may have jurisdiction over the same offence;

"(c) Extradition proceedings where and as appropriate;

"9. To take appropriate action to enhance cooperation to facilitate access to documents and records about transactions and about identities of persons engaged in bribery in international commercial transactions;

"10. To ensure that bank secrecy provisions do not impede or hinder criminal investigations or other legal proceedings relating to corruption, bribery or related illicit practices in international commercial transactions, and that full cooperation is extended to Governments that seek information on such transactions;

"11. Actions taken in furtherance of the present Declaration shall respect fully the national sovereignty and territorial jurisdiction of Member States, as well as the rights and obligations of Member States under existing treaties and international law, and shall be consistent with human rights and fundamental freedoms;

"12. Member States agree that actions taken by them to establish jurisdiction over acts of bribery of foreign public officials in international commercial transactions shall be consistent with the principles of international law regarding the extraterritorial application of a State's laws."

At its 52nd plenary meeting, on 26 July 1996, the Economic and Social Council took note of the recommendations made by the Committee on New and Renewable Sources of Energy and on Energy for Development at its second session, and invited all States, entities within the United Nations system, other international organizations and non-governmental organizations to consider the recommendations, as appropriate. The recommendations were as follows:

(a) There was an imperative need to accelerate the research into and development of all promising approaches to energy and materials efficiency and renewable energy development with a view to assisting in the early commercialization of advances made and achieving a more efficient and sustainable balance in national energy economies. International financing organizations were urged to consider earmarking a higher portion of their funds for this purpose;

(b) In view of the slow progress made in removing the barriers that hampered renewable energy development, there was a need to adopt a proactive approach towards removing such obstacles. In particular, there was a need to continue subsidies and other forms of direct and indirect support. The external costs of using fossil fuels needed to be internalized, and a policy environment conducive to the use of renewable energy resources needed to be created;

(c) A major and immediate expansion and acceleration were necessary in decentralized rural electrification programmes in developing countries. As recommended at the special session of the Committee, a global initiative should be launched with a clear commitment of financial resources to fund it and an agreed time-frame for its implementation;

(d) Taking into account the critical socio-economic situation in many developing countries, regional initiatives should be undertaken to resolve important issues related to the use and development of energy resources.
