I should be most grateful if you would give instructions for the annexed draft resolution to be distributed as a General Assembly document.

MEASURES TO COMBAT THE THREAT OF A NEW WORLD WAR  
AND TO STRENGTHEN PEACE AND FRIENDSHIP AMONG THE  
NATIONS

Draft resolution

1. The General Assembly declares participation in the aggressive Atlantic bloc and the creation by certain States, and primarily by the United States of America, of military, naval and air bases in foreign territory incompatible with membership of the United Nations.

2. The General Assembly recognizes it to be essential that:

(a) The countries taking part in the Korean war should immediately end military operations, conclude a truce and withdraw their forces from the 38th parallel within a period of ten days;

(b) All foreign troops, and also foreign volunteer forces, should be withdrawn from Korea within a period of three months.

3. The General Assembly calls upon the governments of all States, both those which are Members of the United Nations and those which are not at present in the United Nations, to consider at a world conference the question of a substantial reduction of armed forces and armaments and also the question of practical measures for prohibiting the atomic weapon and establishing international control over the observance of such prohibition.

The General Assembly recommends that the above-mentioned world conference should be convened at the earliest possible date and in any case not later than 1 June 1952.

4. The General Assembly calls upon the United States of America, the United Kingdom, France, China and the Union of Soviet Socialist Republics to conclude a peace pact and to combine their efforts for achieving this high and noble aim.

The General Assembly also calls upon all other peace-loving States to join in the peace pact.
