Insert the following additional paragraph:

"129a. At the same meeting, the representative of Spain recalled that his delegation, jointly with the delegation of Portugal, had proposed (A/CONF.81/C.1/L.2/Rev.1) that the preamble should indicate that, in the implementation of the Programme of Action, account should be taken of the degree of scientific and technological development in the various countries within any region or subregion and that, in this respect, due consideration should be given to the correct assessment of the endogenous scientific and technological capabilities in relation to development requirements. He expressed the hope that the matter would be considered at a later stage."
